## CRASHES BARRICADES IN DASH TO FREEDOM

(CP From Reuters-AP)

BERLIN — A young East German stunned Communist border guards today by crashing to freedom in a station wagon through the heavily-barricaded Brandenburg Gate.

The 23-year-old refugee roared through a double barrier of barbed wire before the guards had time to recover and attempt to block his escape.

West Berlin police said the driver escaped unhurt. Firemen had to tow his car away because barbed wire was tightly caught around the station wagon wheels.

## B.C. Hydro To Take Over City Area Soon

One Electric Unit  
Planned for Island

By FRANK BUTTER  
Times Legislative Reporter

The B.C. Power Commission will take over Greater Victoria electricity service next year from B.C. Electric, informed sources said today.

The move will put all Vancouver Island under the power commission, and could possibly mean lower rates here.

The two crown corporations would swap customers here and in northern B.C. in a "book sale" deal.

B.C. Hydro would get 60,000 Greater Victoria accounts and the \$1,250,000 B.C. Electric building here in exchange for its present operations from Williams Lake to Prince George, plus the Peace River territory.

Estimated book value of B.C. Electric's service here is \$40,000,000.

It is expected the B.C. Electric building will become the new head office for B.C. Hydro, leaving its present offices on Blanshard Street available for possible use as a new City Hall.

B.C. Hydro has been planning a new office for several years as there is not enough space or room for expansion on Blanshard.

## New BCE Board Meeting Today

The deal, which is expected to go into effect the first of next year, would be the first big upheaval in public power operations since the government took over B.C. Electric at the August special session of the legislature.

It follows B.C. Electric's announcement that it is going ahead immediately on development of the Peace River power project.

Annual power consumption of the 60,000 B.C. Electric Victoria accounts is \$413,000,000 kilowatt-hours.

The company also operates the Greater Victoria transit service, fate of which is still undecided.

The public company's new board of directors was meeting in Vancouver today, and

the Victoria deal and future of transit were believed the two major topics under discussion.

Official reaction to the report of the Victoria deal was very reserved, though not surprised.

However, informed sources told the Times the plan is likely to go through.

B.C. Electric chairman Dr. Gordon Shrum would not comment one way or the other.

"I would check with the premier's office. I expect you'd get an answer there," was all he would say.

Premier Bennett, who as finance minister, controls the purse of the public utility, was unavailable for comment.

## "LOGICAL" MOVE

However, Lands and Forests Minister Ray Williston, who is also a B.C. Electric director, was reported as saying the move was "logical."

Although direct comparisons have always been avoided between B.C. Electric rates—mostly urban—and B.C. Hydro—mostly rural—Nanaimo consumers of the power commission are reported to pay from 3 to 5 per cent less than Victoria customers of B.C. Electric.

Civic officials, hoping for a chance to acquire the B.C. Hydro building as a new city hall, were heartened by the possibility of the switch.

The city included the hydro building in its Cathedral Hill civic centre precinct after hydro officials let it be known quietly early this year they would like to vacate the building for larger quarters.

Informal discussions were continued on Page 11

## WIRE BRIEFS

### Phone Rates Cut

OTTAWA (UPI) — Completion of a new trans-Atlantic cable has enabled a 25 per cent reduction in telephone rates between Canada and Britain, Transport Minister Leon Boucher announced today.

### CBRT Re-Elects Smith

MONTREAL (CP) — W. J. (Bill) Smith today was re-elected president of the 35,000-member Canadian Brotherhood of Railway, Transport and General Workers (CBRT).

### 5 Sisters Perish

PORTLAND, Ore. (AP) — Five sisters, the daughters of Mr. and Mrs. Walter W. Randall, died early today when fire swept through their home. The parents and two other children escaped the blaze.

### Czech Crash Victim

HEADINGLEY, Man. (CP) — Dr. Rudolph Sternschein, a millionaire and politician in pre-war Czechoslovakia, was fatally injured Thursday night when his car and a truck were in a head-on collision near this community 12 miles west of Winnipeg.

### Prison Camps Operate

BERLIN (UPI) — The Communists disclosed today that East Germans banished from border areas for security and other reasons are being sent to prison camps.

### Actor Near Death

SANTA MONICA, Calif. (UPI) — Actor Leo Carrillo, 51, near death at his home, received the last rites of the Roman Catholic Church Thursday.

# West Gives Solemn Warning To Reds on Berlin Flights

\*\*\*

## Tough Nikita Ready to Meet JFK for Talks

MOSCOW (AP) — Soviet Premier Khrushchev said today he was ready for "business-like talks" with President Kennedy on urgent world problems.

## 'Propaganda' Says U.S.

WASHINGTON (UPI) — The White House today dismissed as publicity tactics Soviet Premier Nikita Khrushchev's recent offer to meet with President Kennedy.

Press secretary Pierre Salinger said pointedly that Khrushchev has not issued any invitation through diplomatic channels but has made the offer only in public statements and interviews.

Other U.S. officials characterized Khrushchev's offer to meet with Kennedy as a cynical attempt to improve the Russian propaganda position while still making impossible demands on the West.

## U-2 Spy Free Soon?

NEW YORK (AP) — Soviet Premier Khrushchev says Francis Gary Powers may be released before his 10-year sentence is up but international tension makes it impossible to free the U-2 pilot from his Soviet prison now.

Khrushchev told C. L. Sulzberger of the New York Times in an interview published today that "Powers himself is not of such value that we would consider it necessary to make him serve his full sentence."

BEAUTY

Form that won her swim suit competition in annual Miss America pageant at Atlantic City is displayed by Miss Arkansas, 19-year-old Frances Jane Anderson of Pine Bluff. One of 55 competitors including Miss Canada, Miss Anderson's statistics are 35-24-35. New Miss America will be crowned Saturday night. (AP Wirephoto.)

## LOUISIANA EVACUATES

## 125 MPH Winds As Carla Roars

NEW ORLEANS (AP) — 460 statute miles south of New Orleans. Residents of low-lying areas along the Louisiana coast began evacuating their homes today as hurricane Carla—her winds increased to 125 miles an hour—howled up the Gulf of Mexico.

The New Orleans weather bureau, in a 12 noon advisory, said Carla—the season's third storm—has become a major hurricane.

Carla's course veered during the early morning and she now is headed in a northwesterly direction. At noon the centre of the hurricane was about

the weather bureau said Carla would continue its northward movement at about 10 mph for the next 12 to 18 hours.

The hurricane watch was extended to include the entire Texas coast and now is in effect from Brownsville, Tex., to Apalachicola, Fla.

Police at Morgan City, La.—39 miles southwest of New Orleans—ordered evacuation of all areas outside the city, which is completely sealed by levees.

"Military preparations in the West have been stepped up," he said. "Taking this into account we could not ignore the interests of the security of our country and the socialist camp."

"The Soviet Union had to defer demobilization and to increase military expenditure. Because of direct threats we had to face the necessity to carry out nuclear tests."

On resuming atom tests, Khrushchev said President Kennedy "acted without waiting for a reply from the Soviet Union"—presumably meaning a reply to the joint British-American appeal to the

Continued on Page 11

## Chiefs Want Blood Tests For Drivers

HALIFAX (CP) — The Canadian Association of Police Chiefs today decided to ask the federal government to take a new look at the drunk and impaired driving sections of the Criminal Code.

During the final session of its annual meeting, the association agreed to ask the justice department to appoint a committee of experts to recommend on the advisability of setting an alcohol blood content level that could be used to determine whether a driver is drunk or only "impaired."

Chief J. G. Kettles of Saskatchewan said if this system was established, anything under a certain percentage of blood alcohol would be considered impaired driving. Any percentage over that figure would be drunk driving.

Hope they keep open th' air corridors t' Berlin—anybody who wants my seat on th' plane kin have it.

I s'pose anybody who takes over th' B.C. Electric'd be called th' current owners.

As one statesman said t' th' other: "Let's all have another l'il drink."

KHRUSHCHEV  
... "businesslike session"

## GREEN:

## 'HARD ROAD AHEAD'

OTTAWA (CP) — External Affairs Minister Green, who has often described himself as an optimist, said Thursday in the Commons that "the world is hovering on the brink of a nuclear war."

His statement opening a foreign policy debate was a shock for MPs returning to their parliamentary duties after a seven-week summer recess.

It followed immediately on Prime Minister Diefenbaker's announcement that the strength of the armed forces will be increased by 15,000 to 135,000 and that 100,000 civilian volunteers will be recruited for national survival operations.

"The road ahead is certainly going to be hard and there will be tension for a long, long time," Mr. Green said.

"We might just as well face that fact.

"From Canadians courage will be required, both physical and moral, and sacrifice, and I believe above all, a return to our deep, abiding fundamental faiths."

"If we face this challenge we will win through and the result may very well be to make our nation one of the leading nations of the world."

Paul Martin (L-Exeter East) said the most alarming prospect facing the West is that it will lose its perspective.

"A crisis reaction is one which we must at all costs avoid," he said.

## NOT WORTH RISK

H. W. Herdridge, deputy CCF leader, said Canadians oppose the idea of risking war over Berlin.

It was a "myth made in Germany" that the Western world demanded the reunification of Germany. The Canadian government should take the lead in pressing for completion of peace treaties between East and West Germany which would recognize the division of the German nation.

Mr. Green said "it is hoped that it will be possible to reach an honorable accommodation with the Soviet" on Berlin.

The minister said at another point:

"The 'great tragedy of 1961'"

Continued on Page 2

## Will Not Stand Any Interference

WASHINGTON (AP) — The United States, Britain and France today gave Russia a new warning "in the most solemn terms" against any interference with Allied flights in the air corridors between West Germany and West Berlin.

The Western powers told the Kremlin any change in the air transport situation "will be the result of aggressive action against established Western rights by the Soviet government and the East German regime."

The allied notes were delivered in Moscow this morning. They rejected Russia's contention that the U.S., Britain and France lack unrestricted rights of air transport in and out of West Berlin.

The notes, about 1,500 words long, were described as identical.

## REST ON FIRM BASIS

"Rights with respect to air access to Berlin," the notes said, "derive from precisely the same source as do the rights of the USSR in East Germany and East Berlin; namely, the joint military defeat of the German Reich and the joint assumption of supreme authority over Germany."

"These rights are confirmed by the circumstances under which the four powers entered Germany, by their subsequent discussions and agreements, and by open and established practice over a period of 15 years."

Thus the Western powers turned down Russia's argument that the air corridors can properly be used only for the official business of the allied powers and are subject to limitations as far as civilian traffic is concerned.

The Russians have several times accused the U.S. particularly of taking West German anti-Communist agitators and trouble-makers to West Berlin. The U.S. has denounced such charges but also said that it really was none of Russia's business.

## SECOND WARNING

Today's warning was the second hands-off admonition delivered to the Soviet Union within two weeks. The previous one was in a statement by the White House which told the Russians that any aggressive action against the air corridors would have the most serious consequences.

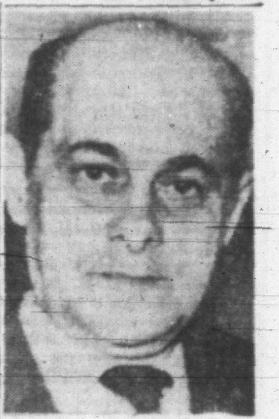

## Red Air Manoeuvres Will Jam Corridors

BERLIN (UPI) — A Hamburg newspaper today said the Communist East German air force may hold "flying manoeuvres" in the western air corridors to test allied determination to defend their rights to unrestricted use of the vital airways to Berlin.

The newspaper Bild Zeitung quoted unidentified East Berlin sources as the basis for its report. It said the manoeuvres which could pose a serious threat to allied military and civilian traffic in the 20-mile-wide corridors may begin in the next few days.

Thursday night an East German leader warned that East Germany will control the air above its territory once a peace treaty is signed.

Albert Norden, a member of

NEW PREMIER?

Apparently sure of support of Socialist-Laborite majority in Brazil's national legislature Tancred Neves, 51-year-old Socialist banker, was a cinch to become the nation's first premier. Today he was reported busy forming a cabinet capable of winning a vote of confidence in the congress. (AP Wirephoto.)

## \$10,000 Football Bribe Offer

WASHINGTON (UPI) — The University of Oregon's star halfback today pointed an accusing finger at a Chicago gambler and said he offered him \$10,000 to sell out his alma mater in a football game with the University of Michigan.

The 20-year-old senior, Michael (Mickey) Bruce, rejected the bribe offer. He confronted the briber, Frank (Lefty) Rosenthal during a dramatic session before the Senate rackets investigating subcommittee.

Rosenthal, a tall, lanky gum-chewer who said he also lives in Miami Beach, refused even to say if he knew the Oregon star. He pleaded the Fifth Amendment against possible self-incrimination.

## U.S. Tourists Buy Less

NEW YORK (UPI) — U.S. tourists will have to be content with picking up less loot during their foreign vacations, as of Saturday. That's when a new law goes into effect lowering from \$500 to \$100 the ceiling on duty-free articles bought abroad.

## U.S. Tourists Buy Less

NEW YORK (UPI) — U.S. tourists will have to be content with picking up less loot during their foreign vacations, as of Saturday. That's when a new law goes into effect lowering from \$500 to \$100 the ceiling on duty-free articles bought abroad.

## Record Export Sales Slash Trade Deficit

OTTAWA (CP) — Export sales hit a record high mark in the first half of the year, slicing Canada's trade deficit to \$36,900,000 in the period from \$203,400,000 a year earlier, the Dominion Bureau of Statistics reported today.

The preliminary report showed that sales to the United States, lagging for many months, began to pick up as summer approached while exports to the United Kingdom levelled off after last year's gains.

But the brightest aspect of the report was a sharp rise in exports to markets other than the United States and the Commonwealth. In the second quarter...

EXPORTS	
United States	\$1,455.7 \$1,504.1
United Kingdom	437.6 428.3
Other Commonwealth	276.9 250.1
Total	\$1,870.2 \$1,882.5
All others	847.1 678.7

IMPORTS	
United States	\$1,961.3 \$1,989.9
United Kingdom	713.3 710.5
Other Commonwealth	127.4 125.7
All others	444.2 431.4

During the first six months of 1961, the United States took 53.6 per cent of all Canadian exports compared with 58.9 per cent last year. The proportion of exports going to the United Kingdom declined to 16.3 per cent from 16.8.

But the share of exports that went to all other countries jumped to 24.2 per cent from 18.3 per cent last year.

THIS WORLD OF OURS  
People and Things

**(Times News Services)**  
**TURIN, Italy**—The only person at the wedding who wasn't serving time was the Roman Catholic priest who officiated at the ceremony in Turin jail.  
Giovanni Trolan, 33, his 20-year-old bride Angela, her parents who acted as witnesses, the women's choir and the male soloist all were prisoners.  
The marriage even started out as a prison correspondence romance.  
Giovanni was serving a three-year term in Pisa prison for theft. He read about Angela who was in the Turin jail. So was her father, convicted of fraud, and Angela's mother. Because of the bride's age prison authorities refused to disclose her name or the charges on which she was convicted.  
Giovanni, who got a transfer to the Turin jail to be nearer Angela, is due for release from prison in April, 1963. His bride is due out March, 1963.

**SEATTLE**—They say you can't take it with you, but a seal did.  
The director of the Woodland Park Zoo said here Thursday that an autopsy revealed that one of the zoo's seals died of copper poisoning.  
The money-hungry seal swallowed 321 pennies, 12 nickels, eight dimes and one German penny. For good measure, the seal also swallowed a button, a metal washer and 16 pebbles.  
It all came to two pounds, eight and a half ounces.

**BUENOS AIRES**—Radio announcers ended a talk-show strike Thursday and resumed their usually snappy delivery after making their point quite clear.  
Listeners were puzzled Wednesday as commercials and news bulletins oozed out of loudspeakers one slow syllable at a time.  
Executives of private and state-owned stations understood, however. They agreed to negotiate with the announcers for new wage scales.

**LONDON**—Brian Evans, banquet manager of the exclusive Savoy Hotel, henceforth will be known as Evangelo Brioni.  
A spokesman said Thursday the name change was made because "it is a tradition at the Savoy that the banquet manager is an Italian or a Frenchman."  
What would happen if Brioni rises to a post beyond banquet manager? Will his name change back?  
"That," said the spokesman, "will have to be considered if and when the question arises."

**LONDON**—An offer by three British soldiers to marry any woman who pays between \$420 and \$700 to buy them out of the British Army is boomeranging, the Daily Sketch said today.  
The newspaper quoted Margaret Evans, 17, the girl friend of one of the men, L-Cpl. John Dundee, as saying: "If I won £250 (\$700) on the football pools, I wouldn't buy him out after this."  
An officer, Maj. Robert Harvey, was quoted as saying: "Their greatest punishment is the ribbing from other soldiers."  
The Sketch, which dubbed the three the "Cheeky Three," reported Mrs. Violet Estoe, the mother of L-Cpl. Brian Estoe, had other ideas.  
"I certainly wouldn't agree to my boy marrying a girl just because she was prepared to pay £250 to get him. They all need parents' consent," she said.

**LOS ANGELES**—Petite Miss Judi Missman appeared in Municipal Court Thursday, a bit baffled.  
The county had persisted in sending notices demanding Judi pay \$17.63 she owed in personal property taxes, despite several phone calls from the Missmans that she had no taxable personal property.  
In response to an order directing "commencement and prosecution of this action," Miss Missman showed up in court with her mother, Mrs. Harriet Jacqueline Missman.  
The suit against Judi was immediately dismissed but the county held that Mrs. Missman would have to satisfy the alleged debt. Judi is 2½ years old.

New York Mayor Whips Tammany

**NEW YORK (AP)**—Mayor Robert Wagner won a smashing victory in a primary election over the New York City Democratic organization Thursday night and crushed Tammany Hall leader Carmine De Sapio in the process.  
The primary victory means that Wagner will be the Democratic candidate to face the Republican nominee, state Attorney-General Louis Lefkowitz, in the Nov. 7 mayoralty election.

was that Soviet leaders did not understand or had ignored the genuine desire of the United States to bring about a reduction in world tensions.  
"If they the Russians have decided to ignore world opinion, we are in for extremely serious trouble. Let us hope that the leaders of that great country will be sensitive to world opinion and that they will not simply ignore it and decide to go their own way seeking world domination."  
The United Nations "is the main hope of mankind."  
Russia could not obtain results by threatening the West.  
**AMAZED AT SOVIETS**  
Mr. Green said he is "amazed at the nerve" and "marvels at the gall" of the Russians in decrying colonialism when they held Eastern Europe enslaved.  
The flight of East German refugees "shows more clearly than 1,000,000 words could do what the people of East Germany think of the regime in that country."  
Mr. Green said the current situation "does not mean that we should downgrade our efforts to further the cause of disarmament."  
"On the contrary, far-reaching measures on disarmament now are more vital than ever if we are to avoid even sharper East-West conflicts in a world which daily sees the development of more frightening weapons."

**PNR's Future Still Riddle Under Shaky Head of Steam**  
The Pacific Northern Railway is still alive, but government and company are keeping its plans a mystery.  
The on-again off-again situation was not much clearer after PNR president Bernard Gore met Transport Minister Earle Westwood here Thursday.  
Mr. Gore told the Times afterwards, "It is definitely not dropped."  
But asked what the company's plans are now, he replied "You'll have to ask the minister."  
Mr. Westwood's answer was a firm "No comment."  
Mr. Gore agreed that the company had made a commitment to the government to start clearing the first 100 miles of right-of-way by Nov. 1.  
**WOULDN'T SAY**  
But he refused to say if this work will definitely go ahead.  
The PNR, set up by the associates of Swedish financier Axel Wenner-Gren, was to be a \$250,000,000, 700-mile line from north central B.C. to the Yukon.  
The project is the only remaining active scheme of the Wenner-Gren interests in the province.

**Overpass Urged In Sidney Plan**  
An overpass at Sidney on a new section of Patricia Bay Highway was urged Thursday by the Capital Region Planning Board.  
The board's idea was contained in a report made on the effects of relocating the highway through Sidney in order to bypass longer runways at the airport.  
Tenders have been called and work will start this fall on the 2.87-mile section from Bazar Bay to Ardwell Road.  
**FREE MOVEMENT**  
The board is asking the highways department to build the overpass to allow traffic to move freely between Sidney and the western side of Saanich Peninsula.  
"Traffic on the east-west roads cannot obtain access to the Pat Bay Highway when the ferry traffic is in full flood," commented board director Anthony Roberts.  
The board's report predicted that Sidney's business section will benefit from the new road, but it sounded a warning against commercial development along the side of the highway.  
**Symphony Completed**  
**LONDON (Reuters)**—Russian composer Dmitri Shostakovich has completed his 12th symphony which is based on the 1917 Bolshevik revolution and dedicated to Lenin, the Soviet news agency Tass has reported. The first performance will be in Moscow Oct. 17 at the opening of the 22nd Soviet Party Congress.

**SECOND TITAN AWAY**  
CAPE CANAVERAL, Fla. (AP)—The air force Thursday night successfully launched its second Titan missile in two nights and tested the inertial guidance system for an upcoming more powerful model of the inter-continental range weapon.

### 'Impressive Stability' Displayed by Dollar

(From Times News Service)

OTTAWA—Finance Minister Fleming said Thursday the level at which the Canadian dollar has been discounted since the June 20 federal budget is "quite satisfactory" to the government.

He also said that it has not been necessary for the government to make "massive commitment" of exchange funds in order to lower the exchange value of the dollar. He did not say to what extent the funds have been used.

Replying first to Stuart Fleming (PC—Okanagan-Rev. estoke) and later to Liberal financial critic William M. Benedickson, the finance minister noted that the dollar in recent weeks has shown "impressive stability" at 96 to 97 cents in terms of the United States dollar.

Mr. Fleming, in his first statements in the Commons since the appointment of Louis Rasminsky as governor of the Bank of Canada, said the new governor outlined the Canadian situation to a July meeting of directors of the International Monetary Fund.

Mr. Rasminsky assured other directors of the fund that "no competitive depreciation of the Canadian dollar is anticipated," the minister reported.

The finance minister said some directors of the international fund had expressed hope that Canada would join other fund members in setting a fixed exchange rate on the Canadian dollar.

There was no suggestion that Canada should choose parity with the U.S. dollar or any other medium of exchange, Mr. Fleming said.

Revenue Minister Nowlan, who suffered a heart attack in May, was welcomed back. J. W. Pickersgill (L—Bona Vista-Twillingate) voiced the welcome amid applause.

The government may spend more than the \$100,000,000 it originally indicated would be put into its special securities purchase fund, said Finance Minister Fleming.

An all-party delegation of four senators and 11 Commons members will represent Canada at the annual conference of the Inter-Parliamentary Union in Brussels Sept. 14-22.

Senator G. S. Thorvaldson of Winnipeg will head the delegation.

There will be opportunity for continuing Canadian discussions with the United Kingdom on its application to discuss joining the European Common Market, Finance Minister Fleming said.

No special attention will be given to the matter at the Commonwealth economic consultative conference in Ghana next week, he said.

Transport Minister Balcer told Douglas Fisher (CCF—Port Arthur) that he expects to announce shortly new CNR directors and that the status of president Donald Gordon, serving on a day-to-day basis since last September, remains unchanged. The board of directors has been increased to 12 from seven, with some of the original seven eligible for replacement.

A statement of the federal government's position on the impasse with British Columbia over the Columbia River power project can be expected "very shortly," Justice Minister Fulton said.

He said it has not always been easy for him to get in touch with Premier Bennett and he has had to rely lately on press statements by the provincial leader.

**Price for Brandt**  
BERLIN (AP)—East German Communists Thursday mockingly offered a reward of 10,000 marks (\$2,500) for the capture of West Berlin Mayor Willy Brandt. "Wanted" posters bearing a caricature of Brandt were stuck up on the east side of the Teltow Canal.

## 30-Day Wait Starts On Parking Bylaw Test

City council Thursday formally passed the \$115,000 parking garage borrowing bylaw and crossed fingers for 30 days.

That's how long opponents have to launch a court-action to quash the bylaw.

Lawyer and downtown property owner E. H. M. Foot, who opposed the bylaw, said a group of unidentified businessmen will decide in about a week whether or not they will attempt to quash it.

If no action is started within the 30-day period, council will begin property negotiations for the sites of the two garages — a 400-car structure on View between Douglas and Blanshard and a 200-car structure within the area bounded by Fort, Langley, Wharf and Yates.

After the sites are acquired, tenders will be called for construction of the buildings.

The bylaw passed with unanimous support of council members present — Mayor Percy Scurrell, Ald. M. H. Mooney, Ald. Geoffrey Edge-

low, Ald. J. L. W. McLean, Ald. Michael Griffin and Ald. A. W. Toone.

The decision came after a prolonged submission was made by Mr. Foot to council urging various measures which he said would reduce the need for the garages and eliminate the need for downtown landowners to guarantee the debentures and possible losses of the operation.

Among his suggestions were proposals that council ask downtown merchants to validate bus tickets for shoppers who don't use cars and banks to form a separate corporation for building and operating a private parking garage at View and Douglas.

In answering, Mr. Foot, va-

rious aldermen said the civic parking plan was the only method council had to solve the parking problem because private enterprise would not tackle it. They added that the 60 per cent approval of the bylaw by downtown ratepayers was a mandate for the plan.

## What Is Our Defence Plan?

THE CANADIAN GOVERNMENT has reacted to the Berlin crisis by ordering a build-up of the armed forces and the recruitment of 100,000 civilians for training to help the militia in survival work in the event of nuclear attack.

The increase in the ceiling for the forces is fractional—from a total of 120,000 to 135,000. This, says Mr. Diefenbaker, will permit the posting of larger forces to NATO in Europe—some 2,000 more men.

It is hoped, he explains, that the Canadian action will be regarded as "a manifestation of Canada's intention to stand solidly by the NATO partners."

That purpose will be supported by the major national parties in this country, despite dissidents in the New Democratic Party who opposed its recent convention decision to keep Canada in the North Atlantic organization.

But if there is widespread agreement on the desirability of rearming the NATO partners, there is no satisfaction among opposition parties in Canada over the manner in which the government has withheld, from its announcement, a clear statement of defence policy—if it has one.

Do we or do we not use the nuclear warhead? This question has split the federal cabinet. It still remains unanswered.

The government decision on troop expansion follows the Liberal advocacy of increasing conventional forces for use in "brush fire" wars. Mr. Pearson has made his position on that matter plain in previous statements. He has not—nor has the most recent Diefenbaker announcement—brought forth from

the government any full outline of its policy.

Just what are Canada's plans at this critical juncture of world affairs?

While Mr. Khrushchev rattles his bombs in Moscow—and tells visiting foreigners how many of them are needed to blast their home countries off the map—what preparations is Canada making? Mr. Diefenbaker has hinted that Canadian NATO forces overseas may use nuclear weapons. Will they be used in Canada?

Is the enlistment of civilian survival forces acknowledgement of the futility of Bomarcas as a defence against missile attack? Is Canada still committed to tremendous expenditure on armaments about whose effectiveness the government itself seems to have grave misgivings? And even if effective Bomarcas, with atomic warheads, were to be located on Canadian soil, who is to have ultimate control of their firing?

Mr. Pearson has called for the expenditure of Canadian money where he thinks it would do the most good—and he does not include Bomarcas in that category.

He and others in the opposition are right in asking again for a clear statement of defence policy—particularly a decision on use by this country of nuclear weapons. So far the government has neglected to give Parliament and the people the information they should have. They are left to wonder what the call-up of additional men means; if it is a gesture only for the encouragement of allies in Europe, or if it is a step in an over-all plan that carries hope of defending the country and upholding Canada's end in the joint protection of the free world.

## As Binding as Perished Elastic

IF THE PUBLIC IS CONFUSED over the application of Victoria's sign bylaw, it appears to have every right to be.

Now the citizens are informed that the public works committee has approved a big neon and plastic display in a section of the city which the council pledged itself to protect against the encroachment of any commercial signs.

If that pledge was given, what right has the committee to repudiate it?

## To Cleanse the Air

THE ATMOSPHERE OF MOST of North America's great cities is polluted by the exhaust fumes of automobiles. Countless people literally never breathe clean air and the results deeply disturb medical scientists.

Now the United States government proposes to do something about this widespread and increasing problem. By 1964, it says, automobile manufacturers should agree to equip all their cars with anti-pollution devices or face compulsion by law.

These devices are by no means perfect but they are said to reduce

the danger of exhaust fumes by as much as 30 per cent, and they are being improved.

In Canada, fortunately, we never see, smell or breathe the famous smog of Los Angeles, for instance, but our pollution problem grows all the time with the growth of population, mostly concentrated in our cities. Our federal, provincial and municipal governments should watch the experiment of our neighbors and, if it succeeds, follow their example. The time is surely coming when no automobile will be permitted on our streets unless it is equipped to keep pollution at a minimum.

## Speaking of Aquariums . . .

THE AMERICAN HOUSE OF Representatives, by a roll-call vote of 206 to 135 has called for a \$20,000,000 aquarium in Washington—provided funds can be found for the job.

A figure of that size suggests an aquarium of major proportions for the United States capital. Perhaps, it would be justified on the argu-

ment of one protagonist that in a matter of 20 years or so the nation will be eating far more fish and ought to know more about the various species.

That is something for Americans to consider. In the meantime, what happened to the various plans for an aquarium here, in the capital of British Columbia?

## JUST THIS ONCE, OF COURSE

### It's the Exceptions That Prove Something

By B. A. TOBIN

THE scene is a typical, routine meeting of city council. The mayor and aldermen are in their places and the meeting comes to order.

Alderman A rises. "Mr. Mayor," he says, "I have here a little request which I'm sure we can attend to without delay. As you know, we have the Causeway-Cathedral Hill area, of the city in which no commercial signs of any kind whatsoever may be erected. One of our city taxpayers requests permission to erect a large sign in this area, and, according to our usual procedure, I see no reason why permission should not be granted immediately."

Alderman C: "This sounds like an eminently sensible project. There are already several large signs in the no-sign district and this will make a handsome addition to the display."

Alderman D: "It's just good business, that's all."

Alderman B, hesitatingly: "I wonder whether we ought perhaps to consider any possible effect on the attraction."

Alderman A: "What could be more attractive than a nice big Neon sign? And it will help to illuminate the totem poles, entirely without cost to the city."

Alderman E: "I think we need waste no time in debating the advisability of authorizing a nice large sign to be erected in the area where by our own law no signs may be erected. Surely the logic of this is obvious."

Alderman B: "There may be just a doubt that . . ."

Alderman C: "Question. Question."

Mayor: "All those in favor? Contrary? Carried unanimously."

Alderman E: "Mr. Mayor, as you know, we have strict laws against the dumping of garbage along roadsides and other thoroughfares, but I have here several requests from taxpayers citizens who would like to be permitted to dump garbage in certain places. I think this would be acceptable."

Alderman A: "Do they indicate any particular spots where they would like to dump garbage?"

Alderman E: "No, not exactly. But I understand they plan to dump it only in small amounts, and, at first anyway, only in a few side streets."

Alderman D: "Sounds reasonable to me."

Alderman B: "Do you think we should retain a little regulation of this? After all, the law . . ."

Alderman C: "This is just a matter of good business. It'll save collection charges and even add a little atmosphere to the city. We must remember our tourists, you know."

Alderman B: "But . . ."

Alderman E: "I take it we are all in agreement, then? May we have the question?"

Mayor: "All those in favor? Contrary? Carried unanimously."

Alderman D: "Mr. Mayor, there is one little matter I would like to bring before council. We have had for many years certain laws to regulate the speed of automobile traffic within the city limits, and we all of course recognize the essential need of this. But there may arise from time to time certain circumstances which demand that exceptions be made. I'm sure we recognize that, too, heh heh. Now I have here a petition from a group of young citizens—youths, as a matter of fact. And they make a very strong argument in favor of their being granted special permission to race their cars at 70 miles per hour through the city streets when required. It may be that they are late for work, or wish to impress their friends, or are engaged in a contest of driving skill, or whatever. It seems to me that we might well waive the rules in regard to these particular drivers—a quite small group,

I may say—and allow them to speed—with all due care, of course—through the city streets when they so desire."

Alderman C: "This seems to be a very modest request. You say there are only a few in the group?"

Alderman D: "A mere handful, as I understand it. A dozen or two, perhaps."

Alderman A: "I see no reason why this exception to the law should not be made. After all, we can depend on them to be careful."

Alderman C: "You might even say it was good business."

Alderman B: "The toll of traffic accidents has been rising. Had we not better . . ."

Alderman E: "I don't see how anyone could object to a small concession such as this. After all, it isn't as though EVERYBODY wanted it."

Mayor: "All those in favor? Contrary? Carried unanimously."

Alderman C: "Mr. Mayor, as you know, we have had for many years under the penal code, a law against murder. But I have here a very reasonable request from one or two taxpayers . . ."

## As Our Readers See It

### One Real Mess

I had the great pleasure of visiting Victoria this summer.

There are, of course, changes since my last visit. Some changes, such as the Art Gallery, enhance the city. Some like the many poor applications of the international style of modern architecture, reduce parts of the city to mediocrity. I discovered only one real mess. This is the section south of where the Island Highway joins Douglas Street in a welter of ugly signs and ugly buildings that scream at each other of poor civic planning and of poor commercial instincts.

Tourists get enough of this mess at home and can hardly be elated when they find it as a first impression on entering the city.

There is so much beauty left in, and added to, Victoria that it would be wise on many levels to find a way to protect it.

W. DUNCALFE

47 West 12th Street, New York City.

### Hypocrisy

The correspondence columns are, or should be, the most interesting section of a newspaper; and reflect in a certain degree the culture, intelligence or nobility of a society. But this is not always so, for too often the letters are petty, bigoted or invidious; and of course there are letters of local interest, which are quite right in their place.

In the Times, Sept. 5, however, ap-

pear three letters which are rational, constructive and opportune.

In the issue referred to there are several writers of another class reflecting an unhappy state of mental process. One conjures up the bogey of communism. Another, in effect, proclaims his courage to face a nuclear war. How futile! Let him be assured, sanity will yet prevail.

And one writer appeals to Christian principles, which it is the most blatant hypocrisy to pretend are practised in our free (?) world.

The Galilean teacher was neither Christian nor Churchman. He was a teacher of beautiful ethics, which are not and cannot be practised in a world of greed and self interest; the antithesis of everything Jesus taught.

N. P. DOUGAN.

Cobble Hill, B.C.

### Congratulations to City

I am sure many of your readers will agree with me that hearty congratulations are due Mayor Scourah and the Victoria City Council for their prompt action in posting the Thetis Lake area to prohibit hunting and trapping.

This beautiful park, with its miles of well-kept paths, thanks to the Thetis Park Nature Sanctuary Association, is enjoyed by thousands of people, both young and old. The obvious danger of permitting hunting in this area should have been apparent to any responsible authority.

FLORENCE G. BARR

965 Trans-Canada Highway.

## From Our Files

Sept. 8, 1901 — Vancouver: A number of Chinese entering the country illegally have been seized by American revenue officers.

Sept. 8, 1921 — New York: A New York woman, mother of eight children and a convicted burglar, has been sent to hospital in lieu of a year's prison in the belief that further treatments of sheep thyroid secretions will correct her criminal tendencies.

Sept. 8, 1941 — London: A year, to the day after Germany entered the first mass bombing of London, the RAF threw its heaviest air raid yet at Berlin.

It is impossible to exaggerate the growing uncertainty and apprehension in Washington. I have known nothing like it in the last 10 years. There will have to be a decisive concentration on peace-making if events, and disastrous events at that, are not soon to take charge of policy.

## The Far East Was Illumined and Shocked by Russia's Resumption of Nuclear Tests

By DENNIS BLOODWORTH, From Singapore

THE Soviet Union's announced intention of resuming nuclear tests, followed closely by the explosion of four devices in that country, has hit East Asia like an H-bomb whose brilliant flash at once illumines and shocks, revealing the true nature of the men caught in it. And the most striking example of this has been the reaction in China and Japan of the Communist-led world-peace-and-ban-the-bomb groups.

In Peking, Comrade Liao Cheng Chih, chairman of the Afro-Asian Solidarity Committee and vice-chairman of the China Peace Committee, publicly declared that the Soviet decision constituted, "necessary and timely warning to the U.S. imperialists," and had been taken, "in the interests of world peace."

He was, moreover, addressing a rally specifically organized, to celebrate the success of the seventh world conference held in Japan a month ago against atomic and hydrogen bombs and for total disarmament.

His view was not unsupported in the free world, however. In Tokyo, Mr. Kaoru Yasui, chairman of the Japan Council Against Atomic and Hydrogen Bombs, which had sponsored this conference, was reminded of its formal

resolution that "the country which resumes nuclear tests should be denounced as an enemy of peace and mankind," but replied: "That does not apply to the Soviet Union. Careful examination of the Soviet announcement leads to the conclusion that Moscow's reasons make these measures justifiable."

This, from the head of a Japanese national anti-atomic movement, was strictly in accordance with the Peking line.

The Chinese Communist press has suddenly dropped all mention of those ban-the-bomb demonstrations in Britain to which it gave such prominence up to the end of last month, and Peking, echoed dutifully by Hanoi and Pong-yang, the capitals of Communist North Vietnam and North Korea, has welcomed the Soviet resumption of nuclear tests as "a step towards peace."

Last weekend, Marshal Chen Yi, the Chinese foreign minister, declared: "The Russian decision will deal an even more powerful blow at warmongers and atomic maniacs." The Communist powers had to strengthen their defences, "in the interests of world peace and in the cause of human progress."

There is no doubt that the Chinese

welcome the more aggressive attitude Mr. Khrushchev has recently developed towards the Western powers, and that it will help to improve relations between Moscow and Peking. Chen Yi was careful, however, to ensure that the Communists could have their cake and still good resolutely for disarmament and the prohibition of nuclear weapons.

But with the exception already cited, there has been nothing mealy-mouthed or equivocal about the general reaction in Japan to the news. Last Saturday delegations representing the two violent extremes in Japanese politics, the right-wing ultra-nationalists and the left-wing and revolutionary Zengakuren student movement, converged on the Soviet Embassy, but the 100 riot police stationed in its vicinity found they had no work on their hands, for the representatives of both had come for the identical purpose of handing in strong protests against Moscow's resumption of tests to the Soviet ambassador.

The Zengakuren movement, spearhead of the anti-American demonstrations which caused President Eisen-

hower to cancel his visit to Japan last year, pledged itself to oppose the Soviet action, declared that Soviet "arms expansion" prevented the "socialist emancipation of the world's workers," and accused Russia of distorting Lenin and of being no longer representative of socialist society.

The ruling right-wing Liberal Democratic Party, the moderate Democratic Socialists, and the left-wing Socialist Party have all condemned the Soviet Union in angular language for perpetrating an "inhuman outrage," for "shameful behaviour" which "ignores the appeals of all humanity," and for showing that Russian "pretensions of peace are nothing more than lip service."

Sohyo, the powerful socialist General Trades Union Council, and the Socialist Party have both urged Moscow to abandon nuclear tests again at once.

The Japanese ambassador in Moscow has handed to Mr. Vassili Kuznetsov, the Soviet vice-minister for foreign affairs, a formal Japanese note reproving the Soviet Union for "mercilessly trampling the prayerful hopes for peace of all people who fear war" and for contra-

dicting Russian protestations that the U.S.S.R. wants peaceful coexistence and world peace.

The ambassador was instructed by Tokyo to add a strong verbal protest if it were confirmed that the Russians had exploded a nuclear weapon in the region of Semipaltinsk. Japan now plans to introduce a new resolution into the UN General assembly calling for a ban on nuclear tests and gradual world disarmament.

Feeling in Japan has been further excited by statements made by officials of the All-Japanese Meteorological Agency who have warned that "death ash" brought by the winds from Siberia could turn the country into a "living hell."

The Russian decision has further alienated Japan from the U.S.S.R., and neutralized whatever dubious propaganda advantage Mr. Anastas Mikoyan, the Soviet deputy premier, was able to seize during his recent visit to Tokyo.

The anti-Communist states of south-east Asia have reacted as one might have expected by condemning Moscow in the strongest terms. The professional neutrals have demonstrated their pro-

fessionalism rather than their strict objectivity.

It is possible that spokesmen in neutral capitals have not wished to commit themselves and so risk contradicting the line taken by their national leaders, who are now attending the conference of non-aligned countries in Belgrade, but the effect has been a trifle ridiculous.

In Indonesia and Burma the press has been quick to attack the Russians, while Communist organs have been cautious in their comment; but from the official words of Djakarta, Rangoon and Phnom Penh, correspondents have only been able painfully to extract a few non-committal mumbblings about the "seriousness of the situation" and the "responsibilities of the Big Powers."

In Singapore and Malaya the overseas Chinese press has stressed that Moscow has increased the risk of war, but has otherwise hinted that the West bears as much responsibility for having goaded the Russians into resuming tests.

The new Anglo-American appeal to the Soviet Union to reach agreement quickly on the suspension of all nuclear trials in the atmosphere has been welcomed with relief.

(London Observer Service)

WASHINGTON:

## Growing Apprehension

By MAX FREEDMAN

EARLY Tuesday afternoon Mr. Pierre Salinger, the president's press secretary, announced that Mr. Kennedy would make an important statement later in the day.

Salinger's office was crowded with reporters when he stood up at 5 p.m. to read the terse and fateful announcement by the president that the United States had decided to resume nuclear testing in the laboratory and underground. Mr. Salinger explained that President Kennedy had reached this decision on hearing that Russia had conducted its third test in five days despite the appeal sent to Moscow by the British and American governments. Mr. Kennedy has concluded that Mr. Khrushchev has no intention of heeding this appeal.

Under the present timetable the United States will conduct its first underground test in Nevada this month. Great Britain intends, for the time being, to delay its decision on tests.

It has been apparent since Russia held its first test a few days ago that President Kennedy could not postpone a decision indefinitely. He was under intense and growing pressure from many leaders in Congress; from Admiral Strauss, the former chairman of the Atomic Energy Commission; from Dr. Edward Teller, the father of the nuclear bomb, and many other scientists; from important officials in the defence department; and from leading newspapers in the country.

In the end none of these pressures proved decisive. The president decided to order the resumption of American tests for two widely different reasons.

In the first place, he felt that it was necessary to show Mr. Khrushchev that the United States is determined to develop all its nuclear power short of contaminating the atmosphere by atmospheric tests. The administration has come to believe that Mr. Khrushchev thinks the United States has lost its nerve in the nuclear competition. Part of the reason for the new American tests, officials said, is to prove to the Kremlin that any Russian policies based on this assumption are dangerously wrong.

### Second Reason

The second reason for this decision was President Kennedy's judgment, supported by Secretary of State Rusk, that the General Assembly of the United Nations would not pass a resolution recognizing the patience and forbearance of the United States but would instead call for immediate negotiations between Russia and the United States; as if the two governments had the same record in the long negotiations at Geneva.

The president was determined to avoid this kind of pressure from the neutral countries which form so important a part of the United Nations. He told Mr. Stevenson, the ambassador at the United Nations, of this decision without waiting for his advice on this matter.

The United States will be ready to obey a call from the United Nations to stop testing—if Russia is equally obedient. There will be no one-sided compliance by the United States.

A reporter asked Mr. Salinger to explain why it was necessary for the United States to resume testing now when the White House had said last week that the nuclear power of this country was fully adequate to defend the free world. Mr. Salinger replied that "important advances can be made by further scientific development."

It should be emphasized that President Kennedy's decision is no infringement of the appeal made by Britain and America to have Russia join in a ban on all atmospheric tests. That appeal still stands. Mr. Khrushchev specifically renewed it. Mr. Khrushchev has until Saturday to answer it. No one now expects a favorable answer.

Regardless of Mr. Khrushchev's reply—or his silent rejection of the appeal—the United States will refrain from tests in the atmosphere for a considerable time to come, and will never conduct them unless new Russian gains give this country no other choice.

Many people, including devoted friends of President Kennedy, regret his decision even while they are prepared to concede that Russia's continued provocation gives him almost no alternative.

It is impossible to exaggerate the growing uncertainty and apprehension in Washington. I have known nothing like it in the last 10 years. There will have to be a decisive concentration on peace-making if events, and disastrous events at that, are not soon to take charge of policy.

# The Frost on My Pumpkin

THE Michaelmas daisies are in powder-blue bloom in our border again, with tall plants whose flowers are bronze, brown and yellow.

It is a time to inspire poems of gentle melancholy—a muted dirge to the end of summer, strengthened by a report of robust, Harris tweed, in the garden. But not to the boss of our house.

Stott

I was telling her that the soft hand of autumn lay lightly on the land. She looked at my thinning white hair and contemplated the image.

"Yep," she said, "and the frost is on your pumpkin."

She gazed at my recent haircut and asked "What are you doing about it?"

"Something pretty remarkable," I told her. "I've been shingle-staining the overhang on the boathouse. My brush drips, the stain comes down and pretty soon I have a head of youthful brown hair again. You should have seen it last night before I scrubbed it clean. By the way, we need more turpentine."

"I'm not talking about the frost," she replied. "I'm talking about your pumpkin. What's all this guff you used to give me about self-improvement? Is this just something you advise for other people, or are you interested yourself? Pumpkin, hah! Don't give me this season of mellow fruitfulness stuff. Heads can be vegetables too."

"Now maybe you ought to look at my night-school syllabus. I'm going to take up upholstery again—and let's have no nasty-minded cracks about my upholstery. You're in no position to talk."

"It says in this syllabus that you can take a course in building plywood boats. Had you ever thought of that? No? Well let me tell you something. You've had that dry-rotted old Shawigan skiff down in the boathouse for a year and one-half with no bottom in it. Are you going to patch it up? Or is this

going to be just another permanent decoration in the boathouse?

"If you think it is, you'd better look at it in terms of kindling. The place is getting so cramped I can't do my upholstery down there."

"It isn't too important that you build boats. But you should do something after work. You can't sit on your office chair morning and afternoon and then come home and sit more without endangering circulation to your head. You need activity—almost any kind of activity."

"And don't tell me you have a lot of reading to do. Sure you have. But you're not doing it. When you stretch out in the easy chair with a book in your hand, you're not fooling anybody. Your lips aren't moving. And when your eyes are closed, you're not even kidding yourself that you're contemplating. There's a difference between sleep and contemplation."

"I was reading in a magazine the other day about the dangers of inaction at your stage of life. You used to quote that piece from Ulysses about how dull it is to rust unburnished, not to shine in use."

"Well, to be factual, there is an increasing shine on the top of your head. But what's happening underneath it?"

"Now you just take a look at this pamphlet from the school board, or this one from the Victoria College evening division. There are all sorts of things you can take up. Interesting too. They can keep the wheels turning in your cocoanut or lend skills to your hands."

"Everybody needs activity—more than you're getting. If you don't do something about it, just possibly I'll adopt a new technique in my upholstery work. I'll fill the seat of that easy chair I'm going to re-do with sharp, broken springs. That ought to lift you out of your apathy."

I think the boss of our house has something. It wouldn't hurt a bit to develop, or renew, a few outside interests. It's worth a little thought. Maybe I ought to stretch out and ponder the idea for a while.

## LONDON LETTER

By WALLACE REYBURN

## You'd Never Know the Old Pub

LONDON—The revolution in the English pub is in full swing. If those of you who are transplanted Britons came back and dropped in for a drink you wouldn't recognize them, so drastic is the face-lift they're getting.

Reyburn

Over the past five years the brewers have spent \$167,000,000 in modernizing their premises and the obvious aim is to have them looking, not like the traditional English pub, but instead like the cocktail lounges of exclusive hotels.

And it's paying dividends, especially in regard to the type of drinks usually associated with a cocktail bar.

Over that five-year period, sales of spirits, wines and soft drinks are up 20 per cent. Beer sales are up three per cent. And there is an explanation for this difference.

Television has virtually emptied the public (working-class) bars of English pubs. Since TV is for the masses, they stay home glued to the goggle-box.

Therefore in the reconstruction of their pubs the brewers have squashed the beer-consuming public bar into one corner and concentrated on a large, more elegant "saloon" bar for the better-class trade, who invariably drink "shorts," i.e. whisky-and-soda, gin-and-tonic.

And the publicans love this trend because it is out of "shorts" that they make their real profit. Serving beer is a lot of work for small profit.

The revolution is noticeable wherever you go. Our district, for instance.

Of the 14 pubs in the immediate area, six have had this complete face-lift and they're pulling in all the business.

What happens is that someone comes into your "local" and says: "Hey, have you seen what they've done to the Star (or the Ordnance or the British Flag)? You drop in there one night to see the change, are taken with the new atmosphere and desert your old locale."

These are some of the basic differences in these new-style English pubs:

Carpets: Ankle-deep carpeting replaces the bleak linoleum or rubber-tile flooring of the old pubs.

Furniture: Deep easy chairs and modern furnishings, replacing the old "kitchen chair" approach.

Catering: Gone are the tired-looking sandwiches under a glass case; instead, an inviting-looking buffet.

Washrooms: The women's are, now like powder rooms and the men don't have to make that invariable journey to something little better than an outhouse.

Ice: Readily available and in quantity, hitherto unheard-of in a pub.

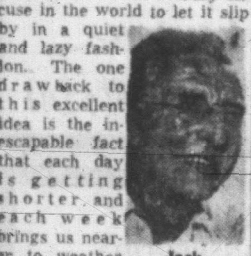

## HOME GARDEN

By JACK BEASTALL

## Busiest Six Weeks of the Year

September is such an enjoyable month we have every excuse in the world to let it slip by in a quiet and lazy fashion. The one drawback to this excellent idea is the inescapable fact that each day is getting shorter, and each week brings us nearer to weather and soil conditions unsuitable for gardening.

ing and the seedlings develop into strong plants.

Jack

If we have any doubts about present conditions being perfect we have only to note the way weed seeds are germinat-

This is sufficient to make us realize that the warm soil slightly moistened with rain, the cooler nights, and the higher relative humidity of September combine to make ideal growing conditions for plants.

It is for this reason that we choose fall in this area to do most of the gardening jobs that are done elsewhere in the spring.

We lift our old plants, discard them, or divide them and replant the newer pieces. We pick up the plants we saw and liked during the spring and summer, and plant them in

their new homes as soon as possible.

Spring flowering bulbs are purchased and planted, and trees are ordered now for planting as soon as the leaves have fallen.

ONE GONE  
Briefly, the busiest six weeks of the gardener's year start with the arrival of September, one of which has already passed.

Work has now to be carefully scheduled and full advantage taken of every day, remembering that each week has about 20 minutes less daylight and that the weekends have an equal chance of being wet or fine.

## Disrespect for Law Hit by RCMP Chief

HALIFAX (CP) — Deputy Commissioner George McClellan of the RCMP said Thursday there is more antipathy to authority in Canada now "than we have ever seen before."

Speaking at the annual meeting of the Canadian Association of Chiefs of Police, the deputy commissioner said disrespect for authority and discipline are symptoms that in history have always appeared "when civilization was on the way down the drain."

The director of the RCMP's security and intelligence branch suggested that articles in magazines and newspapers are partly responsible for this disrespect.

He said some sections of the press give the impression that law is a threat to the public, not the enforcement of rules made by the public.

Citizens served by the police also had a responsibility to the police.

Mr. McClellan said police forces should be given a fair

press. Criticism of police should only be printed after a full inquiry by the press into a situation, not just on the word of an individual.

He said judges and magistrates dealing with cases of police obstruction should give sentences that would show the criminal world an assault on a policeman is an assault on the public.

## Hijacked Ship Freed by Court

NORFOLK, Va. (AP) — The U.S. 4th circuit Court of Appeals Thursday freed a hijacked freighter for return to Cuba. The court stayed its order for five days to permit an appeal to the U.S. Supreme Court.

The court did this in upholding a Norfolk federal district judge's ruling which recognized the sovereign immunity of the freighter Bahia de Nipe.

## Latins Want Closer Links With Canada

OTTAWA (CP) — The desire of Latin American countries for closer ties with Canada was reported to the Commons Thursday night by Associate Defence Minister Sevigny.

However, in an hour-long speech on Latin American affairs the minister made no reference to the question of Canadian membership in the Organization of American States.

Mr. Sevigny was an observer last month at a meeting of the Inter-American Economic and Social Council in Punta del Este, Uruguay.

"Canada enjoys a position of great prestige in Latin America," Mr. Sevigny said.

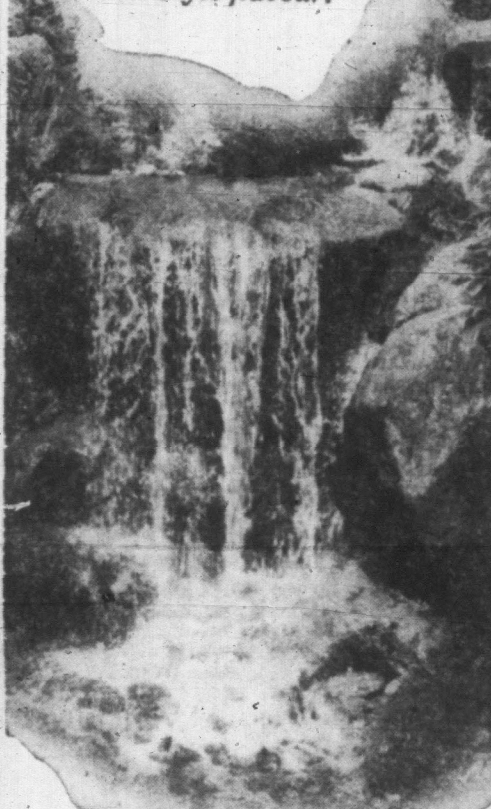

Mr. Sevigny said the U.S. offer at the conference of a 10-year program of \$20,000,000,000

## Attention BOWLERS!

Did You Know...More Bowlers chose SUNBEAM BOWLMASTER SHOES last year than any other brand—truly Canada's most popular bowling shoes. See the new styles for this season at your favourite bowling centre or Sporting Goods Store. • THE SUNBEAM SHOE CO. LTD., "Humberstone Bowling Shoe Division," Port Colborne, Ontario.

Aged naturally in the traditional manner ... to assure Old Style flavour!

## Old Style WATER

It, too, has distinction!

The clear, sparkling water of British Columbia is a brewing ingredient unequalled in Canada. Our original recipe calls distinctly for this pure mountain water. Blended in our brewing kettle with hops and barley, its goodness comes to life. Then, finally, in our ageing cellars the brew slowly matures into the brilliant golden colour and the supreme flavour that is Old Style. Fortunately, this traditional manner of brewing does not go unnoticed—as evidenced by the many people who prefer Old Style.

# FULL TONTO TRADING BUSINESS VIEWS

## Production of Beryllium Foreseen

By GORDON BELL  
Times Business Editor

Possibility of commercial beryllium production in Canada is raised by a merger announcement from two Vancouver mining companies, Imperial Metals & Power Ltd. and Columbia Explorations Ltd., which Imperial controls.

The new company would spend about \$5 million in bringing into production Columbia's beryllium property near Yellowknife, which has proved up 206,000 tons of 35 per cent beryl oxide ore with more in sight.

Initial cost of proving up more ore and planning mine and milling operations is estimated at \$750,000 by Neil H.

McDiarmid, president of both companies and the prime mover in the Craigmont Mines operation.

The merger proposal involves an offering of one free share of Imperial for each six shares of Columbia. None of the Columbia shares held by Imperial will participate in the exchange which is to go before Columbia shareholders Sept. 21.

Imperial, presently operating under B.C. charter, will obtain a federal charter since the Yellowknife properties come under federal jurisdiction. A "modest" amount of underwriting by an eastern mining group has also been obtained and listing on the Vancouver Stock Exchange will be sought.

A public offering of shares of Canadian Forest Products Ltd., long-rumored in financial circles, may be dependent on

results of studies of Prince George area pulp mill economic.

Earlier it was believed that the company's plans to "go public" would hinge on a \$50 million pulp and wood products unit in northwestern Alberta, but those plans were dropped last month.

An executive of CFP said this week that another six to eight months would elapse before the Prince George study was completed and, meanwhile, the company is expanding the capacity of its Port Mellon plant, from 200 to 400 tons daily of bleached and semi-bleached kraft at a cost of \$12 million.

Net profit of Loblaw Companies Ltd., which is proposing a four-for-one share split, increased 6.8 per cent to a record \$9,053,074 in the year ended June 3. Earnings are equal to \$3.38 per A and B shares.

Loblaw Groceries Co., of which Loblaw Companies owns 97.9 per cent of the common shares, surpassed all previous years with a 6.6 per cent increase in net profit to \$10,708,309. Net profit applicable to Canadian operations in the year ended June 3 was 1.95 per cent of sales.

The discount chain to be set up on a nation-wide basis in Canada by F. W. Woolworth Co. Ltd. will be called Woolco Department Stores. According to R. D. Campbell,

bell, managing director of Woolworth's, the discount chain will be separate and distinct from the company's regular variety store operation. It will be "second to none in services and in offering complete lines of merchandise at lowest possible costs," and will handle everything from cold cuts to automotive parts.

The 1961 issue of the Canadian Automobile Chamber of Commerce publication of automotive statistics has just been released and shows that at the present time more than 5% vehicles are in use in Canada including 4 million passenger cars. This works out to a vehicle for each 3.4 persons and a passenger car for every 4.5 persons.

Canadians bought more cars and trucks last year than in any previous year—447,771 cars and 75,417 commercial vehicles with a value of \$1.6 billion retail.

The publication also shows that 67 per cent of all Canadian households have one or more autos and 7 per cent have two or more.

Archie C. McGowan has been named general manager of pulp and paper sales for MacMillan, Bloedel and Powell River Ltd. A well-known Vancouver athlete, Mr. McGowan was a sales executive with MBPR before leaving two years ago for an executive post with Abitibi Sales Co.

## MARKET SUMMARIES

### Industrials Fall Off In Moderate Trading

Industrials were off today as the stock market declined during light to moderate trading.

Losses among foods and steels accounted for much of the industrial slump, with widespread fractional drops predominant.

AT TORONTO utilities were strong with small wins going to B.C. Power, B.C. Telephone, CPR, Gaietown Power, and Consumers Gas in the 1/2 to 1/4 range.

Metals were weak with Hudson Bay Mining and Smelting, Falconbridge, Ventures, International Nickel and Gunter down to 1/2.

Gold trading was light with

Hollinger, Giant Yellowknife and Dome all off fractionally.

AT NEW YORK losses of about two points were taken by U.S. Steel, Jones and Laughlin, Ford, Boeing, Reynolds Tobacco and General Electric.

General Dynamics touched a low for the year as it fell more than a point.

Among Canadian issues declining were International Nickel off 1/2, Dome Mines 1/4, Aluminum Ltd. 1/4, Distillers Seagrams 1/4, and Canadian Pacific 1/4. Walker Gooderham added 1 and McIntyre Porcupine 1/2.

AT MONTREAL Abitibi at 40% and Fraser at 26% each lost 1/2, and Price at 49% and International Paper at 37% both gained 1/4.

Among the utilities, Calgary Power fell 1/2 at 26%, Shawinigan declined 1/2 at 27%, and Bell at 55% and B.C. Power at 33% each added 1/4.

In banks, Imperial Bank of Commerce dropped 1/2 at 69%, Montreal fell 1/2 at 68%, and Royal at 79% and Provinciale at 44% both eased 1/4.

AT LONDON there was a further contraction in business on the stock exchange today. Price movements were small and irregular. The general undertone was satisfactory.

Some leading industrials improved. Unilever and Hudson Bay lost ground. Electricals showed no definite trend. Ultra Electric was a firm spot under American influence.

AT VICTORIA Friday sold at 45, Bethlehem traded at 97, Craigmont stood at \$13.75, Granduc was at \$2.53, Highland Bell moved at \$2.45, and Mt. Washington Copper traded at 45, Torwest sold at 11, Westminster Paper B moved at \$35.50, Rothman was at \$13.25, and B.C. Telephone traded at \$19.00.

The Collison company will continue to distribute a wide range of fine and general paper merchandise for Crown Zellerbach Canada Limited.

TODAY'S GRAIN WINNIPEG (CP) — Grain prices showed rallying tendencies in active trading today on the Winnipeg Grain Exchange.

An improvement in export demand for Canadian flax was in evidence with sales of 40,000 bushels to Spain and small lots to the United Kingdom.

The oats and barley market recorded new seasonal highs prompted by unfavorable harvest weather along the grain belt.

Lakehead prices for Class Two, IWA and domestic wheat all were unchanged from Thursday's close.

NEW TENTS All Sizes Double and Single AIR MATTRESSES MAYNARD'S Lower Salesrooms

CHICAGO (AP) — Numerous grain futures contracts advanced a cent a bushel on the Board of Trade today. Wheat, rye and soybeans moved slightly ahead.

'I Talk... That's All I Do'  
Disc Jockey Tells Magistrate

DUNCAN - The "teen-agers' idol," disc jockey Red Robinson of Vancouver, shook his

Pemberton  
Kioskette and Day Care  
750 Pemberton Ave.  
(at Rockland)  
EV 2-0222 EV 3-8030

red hair and rocked with laughter in Duncan court Thursday when prosecuting counsel David Williams asked a witness:

"Robinson did not have any useful function at this dance then?"

The witness, Les Vogt, Burnaby, replied: "Oh yes, very much so. He jollies the crowd along."

Earlier, when asked why he had Robinson at the dance at all, Vogt had said: "Because he's an idol. He attracts the people we want."

Magistrate A. C. Sutton dismissed a charge against Robinson of operating a dance in Duncan Curling Rink without first taking out a municipal trade licence. He found that Robinson was an employee as master of ceremonies at the dance.

The Crown subsequently brought charges against Vogt

alleging that he was the lessee of the curling rink for the dance, on July 15, and failed to take out a licence, and also that as operator of the dance he failed to take out a licence.

Vogt pleaded guilty and was fined a total of \$10 plus \$5 costs and ordered to take out the licences.

George Herbrich, of Vancouver, Robinson's lawyer, said Robinson had only lent his name to advertise the dance—in the same way as baseball players lend their names to sell toothpaste.

During his own evidence Robinson said: "I am in a sense an entertainer without being able to play an instrument or sing."

Mr. Williams: "What do you do?"

Robinson: "Talk. It doesn't seem like much but that's all I do. My job is to keep the continuity going."

Cancer Drug Record  
Ready for Inspection

CHICAGO (AP) — Dr. Andrew C. Ivy, who has reported that the drug, krebiozen, has merit in cancer treatment, says records of the drug's use are ready for inspection by the National Cancer Institute.

The material "includes the reports and analysis of the use of krebiozen by some 3,000 United States physicians on more than 4,200 advanced and terminal cancer patients during the last 11 years," Ivy said Wednesday.

Ivy, 68, a distinguished professor emeritus of the University of Illinois college of medicine, said he has written to Dr. Kenneth M. Ednicott, director of the cancer institute, requesting a meeting at the earliest possible date.

The records are to be used by the institute as a data basis for a clinical test of krebiozen.

The clinical tests figure as evidence to be considered in Ivy's \$300,000 libel suit against Dr. George D. Stoddard, former president of the University of Illinois. Ivy contends that remarks about his medical sponsorship of the drug in a book by Stoddard injured his reputation.

Hearings on the suit have been continued by U.S. District Judge Julius M. Miner pending outcome of the clinical tests of the drug which might take a year or longer.

Red Chorus Showing

MONTREAL (CP)—A crowd of 500 anti-Communists paraded outside the Montreal Forum for an hour Thursday night before the opening performance here of Russia's Red Army Chorus, a 180-member troupe of singers, dancers and musicians.

There was no trouble. But police, for a while, detained one man who became agitated.

"He was trying to tell us all about Hungary and that he had a family there," said one

constable. "I didn't intend to book him. I just talked to him."

The demonstrators, most of them European immigrants, carried placards denouncing Communism and Premier Khrushchev.

Former Liberal member of Parliament Raymond Brounau, 44, was remanded to Sept. 21 for formal commitment on a charge of corruptly accepting a bribe in an Ottawa court Thursday. Magistrate G. E. Strike also remanded Abbe Bergeron, 45, of Cornwall, Ont., to the same date on charge of giving Mr. Brounau \$10,000.

## B.C. Auditors

The B.C. government has appointed auditors for its newly-acquired B.C. Electric Company, it was disclosed today.

A cabinet order appoints the Vancouver firm of Price Waterhouse and Co. to do the job. The take-over legislation specifies that an audit must be made at least once a year and reported to the government.

"GETTING IT AT WOODWARD'S IS YOUR BEST GUARANTEE"

# Lions After First

VANCOUVER (CP) —

There won't be many empty Empire Stadium seats for the British Columbia-California Western Football Conference game Saturday night. More than 25,000 seats have already been sold.

Seldom has there been a league game in this football-loving town, which has given massive support to its team during years in the wilderness, that has had so many drawing cards.

To wit:

Joe Kapp, the fine passing quarterback from the University of Southern California who sparked with Calgary Stampeders for two seasons, will be at the helm of the revitalized B.C. Lions for his first game in his new home;

Jim Walden, University of Wyoming quarterback and formerly Lions' first-stringer, who was one of four players traded by B.C. for Kapp two weeks ago, likely will have at least a share of the signal calling for Stampeders;

Ed O'Bradovich, University of Illinois defensive end; guard Bill Crawford, cut by New York Giants and only Canadian to play in the National Football League in recent years, who was signed by Calgary Thursday, and Canadian end Bruce Claridge, all of whom were part of the trade for Kapp, also will play;

## BOTH DESPERATE

Calgary and B.C. both desperately need a win. Calgary has won one in five games and B.C. has tied one in six and is holding fast place in the standings.

Neither club has been able to shake off its losing streak as a result of the exchange, but both looked impressive in dropping one-point decisions to the league-leading Edmonton Eskimos.

A new face in the British Columbia lineup will be Bill Brewer, a defensive halfback for two years with Washington Redskins.

General manager Herb Capozzi announced the signing of the former University of Mississippi star late Thursday.

Both sides reported pre-game jitters.

General manager Jim Finks said in a telephone interview from Calgary, Thursday: "We have about 15 rookies on our club and I am worried about the prospect of snapping them out of the heartbreak and physical punishment of that 10-9 loss to Edmonton Monday."

Robinson said of a workout by the Lions: "They started out sloppy and wound up sloppy."

The Lions had some good news: Crashing Canadian fullback By Bailey, out last game with pneumonia, will be back. And the club will be rested. Their last game was August 28.

# Defending Champion Reaches Peak Form

FOREST HILLS, N.Y. (AP) — Defending champion Darlene Hard, of Montebello, Calif., and Margaret Smith, an Australian lass, shot into the women's semi-finals Thursday in the United States national tennis championships.

Miss Hard, a pre-medical student at Pomona College, showed her best form of the tournament in smashing Yola Ramirez, of Mexico, 6-3, 6-1.

Miss Smith, seeded fifth, turned back the fourth-seeded Christine Truman, of Britain, in a rugged match, 8-10, 6-4, 6-3. Angela Mortimer, who is seeded second behind Miss Hard, plays Lesley Turner, of Australia, in one of the remaining women's quarter-finals today. In the other, left-handed Ann Haydon, British Wightman Cup

## Ladysmith-Born Boxer Succumbs

TACOMA (AP) — Morgan Lewis Jones, 58, prominent as a lightweight boxer in the 1920s, has died at his home here. He was born in Ladysmith, B.C., and came to Tacoma in 1915. Survivors include three brothers who also were widely known boxers. They are Norman L. and Harold B. both of Tacoma, and Ludwig of Phoenix, Ariz.

## Ladies' Golf Event

Mrs. K. S. Lawson, with a net 76, Mrs. G. D. Ball with a net 75 and Mrs. G. Grey, net 74, were divisional winners in a ladies' medal round competition at Uplands Golf course Thursday.

Captains defeated Secretaries 9-8 in a team match.

## PAIR OF WAIVERS

OTTAWA (CP) — Ottawa Rough Riders of the Eastern Football Conference have placed halfback Joe Kelly and tackle Jerry Beabout on waivers.

## TOKYO OR BROOKLYN... BALL FANS ALL ALIKE

"Injape the umpire!" is a cry which has echoed over baseball diamonds wherever the game is played. For years the citizens of Brooklyn were hailed as the noisiest, most obstreperous fans anywhere. As the camera shows, however, Tokyo baseball fans are in line for the honor. They screamed,

ranted, burned newspapers and showered the field with cushions recently when an umpire reversed his decision, giving the Kokutetsu Swallows a 3-2 victory over Tokyo Giants. Police had to form a line to prevent them from storming onto the field. (AP Wirephoto.)

## TIME OUT!

"Ed! Please use some term other than naked reverse... it sounds so vulgar!"

## Mrs. Roberts Tops Colwood Golf Field

Mrs. D. J. Roberts won the silver division of the ladies' medal round competition at Royal Colwood Thursday shooting a 99-18-81. Runner-up was Mrs. G. Hay with a 92-11-81.

Mrs. D. Ross was the bronze division winner with a 98-25-73. Runner-up was Miss Dorothy Jones with a 109-36-73.

# Westminster Recovers With Sharp Checking

NEW WESTMINSTER — Forward Jack Barclay and goalie Les Norman—who helped get their mates where they are—led the way Thursday as New Westminster jumped back into contention in the best-of-seven Inter-City Lacrosse League final.

Westminster trimmed Vancouver's lead to 2-1 with a 9-6 victory before 3,800 fans Thursday.

The fourth game will be played in Vancouver on Monday, the fifth in New Westminster next Wednesday.

## THREE FOR JACK

Barclay scored three goals as Westminster returned to form after mediocre performances in the opening games of the series. The Royal City squad lost only four games in finishing first during the league schedule but had not even slightly resembled the same team until Thursday.

Norman, who set a record while leading the goalkeepers this season, turned in a brilliant effort in stopping 22 shots.

In addition to Barclay other New Westminster scorers were Paul Parnell, with two, and Bill Wilkes, Harold Fox, Doug Wallsmith and Ken Oddy with one each.

Checking harder and breaking faster than in the previous games, Westminster was in command all the way.

The game featured some of the roughest checking to date, with 50 minutes in penalties assessed to the teams. Vancouver drew 30 minutes. The total included a 10-minute misconduct to Bill Barbour.

The winners used the odd-man advantage to score three times and added another while short-handed. Vancouver managed only two goals on its power play.

## Fivepin Bowlers To Meet Monday

Annual general meeting of the Victoria Fivepin Bowling Association will be held Monday. All fivepin leagues are urged to have representation at the meeting, which will be held in room 19, 749 Broughton Street, starting at 8 p.m.

## College Recruits Plentiful

Seattle Ramblers, undefeated since mid-season of 1959, open their current football campaign when they meet Victoria Drakes Saturday afternoon at Macdonald Park.

Holding a win streak of 16 straight games, Don Sprinkle's amateur griders will take what the Seattle coach rates "as possibly the best squad in the club's history" to the Island city.

The Victoria encounter will be the first of an 11-game schedule and will be played under Canadian rules.

Sprinkle will open with an all-college lineup that includes seven former Huskies, paced by ex-Rosebowlers Ray Jackson and Joe Jones. The former will start at fullback, while Jones is slated to start at wingback.

Remaining starters list Roland Sligs (Western Washington) and Bud Green (UW) at ends; Danny Frank (WSU) and Jim Olsonoski (Minnesota) at tackles; Nat Davis and Gene Pederson, both of Washington, at guards; and Duane Carver (Yakima JC) at centre. Moll McClain (UW) will open at quarterback with the Huskies' Dan Wheatley and Everett JC's Jim Williams set as halfbacks.

# 'I Feel Blah'... Whack! Homer 55

## Weary Maris Five Blasts From Record

If Roger Maris remains tired, he's a cinch to break Babe Ruth's record.

The young Yankee slugger, once again blazing hot with his bat although he admits he's feeling "blah," whistled his 55th home run of the season Thursday night in his dramatic bid to wipe out the immortal Ruth's record of 60 home runs in a single season which has stood the test for 34 years.

"I'm not feeling too good," Maris mumbled with bowed head after his homer, a drag bunt single and a sacrifice fly had helped the Yankees to a 7-3 victory over Cleveland Indians and stretched their American League lead over Detroit Tigers to nine games.

"Blah is the best way I can describe how I feel," he said.

and a quick look at his washed features showed it. But for a tired player he's really wearing out the ball again after falling into a mild slump.

## ONLY FOUR HOMERS

To get all that "tired" talk in its own perspective you have to go back to July 25 when Maris first said he wasn't feeling up to par. The Yanks were playing the Chicago White Sox a doubleheader that day and Maris told manager Ralph Houk he probably wouldn't be able to play.

However, he decided to play at the last minute and celebrated his decision by hitting four home runs, two in each game. Since then, Maris has hit a total of 19, but went through a couple of mild slumps. He snapped out of his latest one on Wednesday after going 0-for-16 with his 34th home run.

The victory, practically lost on the partisan crowd of 18,349 because of Maris' latest assault on the homer record, was New York's eighth straight and for all practical purposes sewed up the American League pennant.

## ORIOLES CLOSING IN

While the Yankees have been surging, as they did at the end of the 1960 season when they won their last 13 to break that race wide open, the Tigers have fallen apart completely. On Thursday they dropped their seventh straight, 8-4, to Boston Red Sox—and now are in danger of even losing second place to Baltimore Orioles, who beat Washington Senators, 6-3, in the only other American League action.

In the National League, Pittsburgh Pirates exploited 11 hits and four Chicago errors into a 7-5 victory over the Cubs in the only game played.

## Hill Leading... 32-31-63

DENVER (AP) — Dave Hill of Denver, led the field Thursday in the first round of the \$30,000 Denver golf open with an eight-under-par 32-31-63 over the 6,843-yard Meadow Hills course.

Thirty-seven of the 102 professionals cracked the 35-36-71 par with Bob Rosburg of Portland, Ore., coming closest to Hill with a 34-31-65.

Four 66 shooters were Rod Funseth of Palm Springs, Calif., Al Balding of Toronto, Don Fairfield of Casey, Ill., and Bill Collins of Miami.

Hill, 24-year-old former Jackson, Mich., star who established a Denver home last year, hit 17 greens in regulation figures and missed only one fairway. He had 29 putts in carding an eagle and six birdies.

## MINOR BODY FORMED

# 'Good Ice Time' Esquimalt Offer

The Esquimalt Minor Hockey Association officially came into being Thursday night, and the new body promptly started a campaign to bring out the district's hockey-playing youngsters.

They have an adequate number of coaches and nine sponsors, but the big lure dangling before youngsters' eyes is the promise of "good ice time."

Player registrations, newly-elected secretary Bert Mooradian reported, will be announced at a later date.

At Thursday's organizational meeting, chaired by Reeve Wurtile, it was announced that 22 men were ready to accept coaching duties.

Harold Moyst was named association president while Mar-

21. Reconnaissance man to treat with disdain (5)

SOLUTION MONDAY

IT HAPPENED LAST NIGHT

By EARL WILSON

NEW YORK—Carroll Baker lured and allured me off to lunch the other day at an amazing restaurant.

"I don't want to tell you too much about it," Carroll said when we got into a taxi. "It's a surprise."

"No tricks, now, Baby Doll," I warned her.

Our cab turned into Central Park and headed north and east.

"It must be way uptown," I said.

"Stop right here," Carroll suddenly told the driver. "Here's our restaurant—over there on the grass."

Then I saw the main plotter, Si Seadler, advertising manager of MGM. He was grinning and carrying a business-like brief case which contained a blanket—because you can't sit on a newspaper in Central Park.

"I play this gag on my Hollywood friends all the time," Si said. "I tell them I've got a delightful new restaurant—and they love it."

Carroll was opening sacks from the Stage Delicatessen—and Si was uncorking a bottle of Chateau d'Yquem 53.

"Now we take off our shoes and socks and go barefoot," Si said.

"You probably never noticed but Carroll has the prettiest bare feet!"

"Ah, surprise from the cares of the world," Si said. "What are the parks for? That's what I told the judge once when I was arrested for sitting on a newspaper, and he said 'Pay the \$2!'"

We put our shoes on and went back to our workaday world. Si has other stunts.

too, to promote Carroll's picture, "Bridge to the Sun."

"There's one thing I left out of our program at the Paramount Pavilion," Si said later. "When I'm alone, I always top it off with a siesta."

THE MIDNIGHT EARL...

The start of Liz Taylor's "Cleopatra" film was pushed back a week, to Sept. 25. ... Nancy Kwan looked for a typically American gift for her brother in London, finally bought an electric shoe polisher. ... Arthur Miller says he hopes to finish his new play in '61—he started it in '52. ... The Latin Quarter installed closed circuit TV that enables the boss, in his office, to see the crowds in the lobby.

Peter Duchin squirmed Maria Cooper to El Morocco—and he's also been sending flowers to Anna Maria Alberghetti. ... Tony Perkins' dates in Hydra, Greece—where he's movie-making—are with the Greek script girl. ... Bobby Darin bought a big house in Hollywood Hills in preparation for the baby he and Sandra Dee expect.

Julie London (in slacks) and husband Bobby Troup

Agency Director Finds Insurance Business Good

Life insurance business in the western United States is slightly "up" on 1960, says F. A. Nicholson, director of agencies for the West Coast Life Insurance Company of San Francisco.

"Business so far this year has been better than we expected," Mr. Nicholson said. With Harry J. Stewart, president, he is attending a sales conference in the Empress Hotel with some 175 company employees and their wives from Utah, Idaho, California, Oregon and Washington.

"This is the third conference we have held in Victoria in 10 years," said Mr. Nicholson. "In fact it is one of our favorite meeting places and we shall come here again."

The conference will continue until Saturday.

The North African zebra, exhibited in Rome's ancient amphitheatres, was called "hippopotris" by Romans.

CORDOVA BAY RESTAURANT

Closed Monday

4551 CORDOVA BAY RD. (Just past Mt. Douglas Park)

ask Andy

HE GIVES AWAY GRAND PRIZES

Is there something you want to know? Do you want to win a set of valuable books or other instructive prizes? Then ask Andy.

Andy will answer questions submitted by child readers and those who submit the questions. He selects the answers. He selects the winners.

The youngster who asks the first question answered each day receives a 20-volume set of the World Book Encyclopedia and of the second question a Hammond Atlas or Globe.

Andy sends a complete, 20-volume set of the World Book Encyclopedia to Christine Hickey, aged 13, of Pittsburgh, Penn., for her question:

What Is the Periodic Table?

This neat chart of squares arranged in rows and columns is the ABC of chemistry and no harder to fathom than the alphabet was when you were six. In large print, it fits nicely onto a double page. At first glance, the lonely letters and the crisp figures in the squares of the Periodic Table look very bewildering. But every young citizen of the Age of Science is curious to learn the tricks of the puzzle. For it tells the nature of each of the basic chemical elements. It lays bare the secrets of how certain elements can form compounds—how the gas hydrogen can combine with the different gas oxygen to form liquid water, how the metal sodium can combine with the poisonous gas chlorine to form table salt.

With a few exceptions, each

of the basic elements is allotted one square on the Periodic Table along with its atomic number and its atomic weight. The shorthand symbol of the element is in the middle of the square. H is for hydrogen. He is for helium. Na is for sodium which is the Latin name for sodium. You can soon learn these symbols and the reasons for them.

The atomic number is a whole number, usually at the top of the square. It gives the number of proton particles in the atoms from which the element is made. In the core or nucleus of an atom there are a definite number of protons charged with positive electricity and around the nucleus there are an equal number of swarming electrons charged with negative electricity.

Different Atomic Numbers

Every atom of the element carbon has six protons, and normally six electrons orbiting the nucleus. The atomic number for carbon, symbol C, is six. The atomic number for helium, He, is two, and every other element has a different atomic number all its own. If you count across the rows or periods of the Periodic Table, you will find that the numbers run from left to right, from one to more than 100.

The other number in the square with each element is the atomic weight, the mass of all the particles in a normal atom of this element. All the atoms except common hydrogen contain neutrons in their nuclei. The neutrons are electrically neutral, but they add to the mass of the atom. The atomic number of carbon is six, its mass number is a little more than 12. The atomic number of neon is 10, its mass number is a little more than 20.

The columns of squares, called groups, can tell us which elements resemble each other. The first two columns on the left are light metal elements. Then come groups of heavy metals and non-metals. The last column is a group of inert gases. There is a sequence in the atomic numbers down each column which you can probably figure out for yourself. This sequence tells how a group of elements will react chemically with other elements to form compounds. There are enough of these fascinating ins and outs to fill whole books on chemistry and Andy promises to explain how some of them work in the near future.

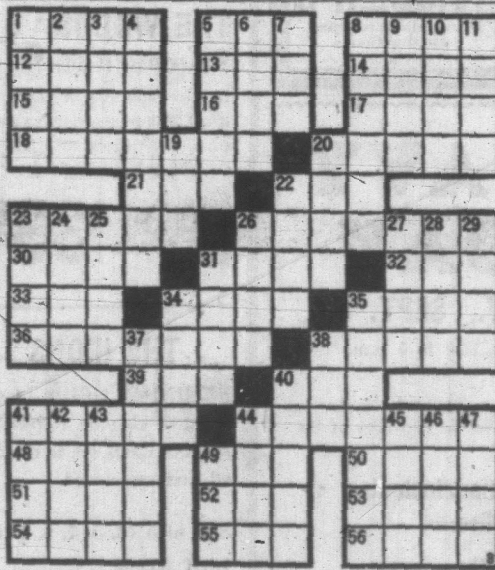

Andy sends a Hammond's International World Globe to Dayna Engelmann, age 10, of Houston, Texas, for the question:

Why are there time belts?

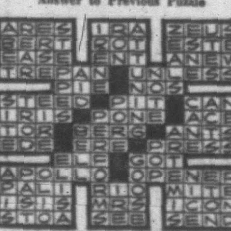

Our big globe turns on its axis, always towards the east and a new view of the heavens is always coming up over the eastern horizon. The sun rises, climbs up the sky and sinks down in the west. This is because the spot of ground on which you live has turned around to face the night view of the heavens. It takes 24 hours for the earth to swing clear around, giving you a complete day and night.

The people living farther east get their heavenly views ahead of us. The sun rises and sets in New York hours before this happens in San Francisco. We have time belts across the country and around the world to adjust our clocks to the spinning earth.

APARTMENT 3-G JULIET JONES

YOU DID A BEAUTIFUL JOB ON MY HAIR, LU ANN!

MARGO, PLEASE... YOU MUST MAKE AL GREY REALIZE THAT DAVID NEEDS HIM MORE THAN EVER... THAT HE MUSTN'T SEND THE BOY AWAY TO SCHOOL!

DARLING, YOU TALK AS THOUGH AL'S SENDING HIS SON TO SIBERIA! GOING TO BOARDING SCHOOL IS A PRIVILEGE THAT FEW ENJOY!

BESIDES, THE KID CRAMPS MY STYLE!

NO, DARLING! THE ONLY THING I'M TELLING AL GREY IS WHAT A WONDERFUL WIFE I'D MAKE... SURELY, OF COURSE!

WHERE WERE YOU HIDING—IN THE ELEVATOR SHAFT?

NEVER MIND WITH THE WEAK HUMOR, HECTOR.

AFTER ALL, YOU COULD HARDLY EXPECT MR. SABINE TO PAY FOR THOSE PICTURES... COULD YOU, JULIE?

I SUPPOSE NOT, EVE.

TEN PERCENT OF TWO HUNDRED IS TWENTY BUCKS. I'LL TAKE IT IN ONE BILL.

YOU'LL TAKE IT, DEAR BOY, AFTER I'VE CLEARED THIS CHECK.

WELL, I THINK I'LL GO BLOW OUT MY BRAIN.

OKAY.

WHAT?!

SURE HAS A LOT OF DUST IN IT!

WITH FILMING AT A STANDSTILL, THE REAL PACIFISTS CONTINUE THEIR DEMONSTRATION—

OVER THERE... ONE'S TRYING TO CLIMB ABOARD.

YOU KNOW OUR CREEPY LET'S GO?

HE WAS TRYING TO HANG THIS FROM THE SUB.

THROW IT BACK TO THE OTHERS. WE DON'T WANT TO GIVE THEM A CHANCE TO ACCUSE US OF STEALING.

Disarm For peace

MAN, WHAT A ROUGH DAY!

BOY, AM I DRAGGED.

LIFE IS NO PICNIC, WITH THOSE BIG MOLECULES BEATING ON YOU ALL DAY.

THIS IS INCREDIBLE! IF WHAT I SEE IS WHAT I THINK IT IS—

GEE, DOCTOR, CAN'T I LOOK?

BUT THE PICTURE ISN'T EXACTLY CLEAR. I—I JUST WHAT IS THIS?

TECHNICIAN, GIVE ME MORE POWER.

GEE, DOCTOR, CAN'T I LOOK?

MONDAY AND TUESDAY

WEDNESDAY AND THURSDAY

FRIDAY

SATURDAY

CONRADE! MONGOOSE, THE CASUALTIES ARE ALARMING. OUR GUERRILLAS ARE LOSING HEART.

TELL YOUR MEN THAT THE MONGOOSE IS EVER VICTORIOUS.

THEY'RE WONDERING WHY YOU DON'T USE INCENDIARY SHELLS AND BURN THEM OUT.

DOLT! MUST I TELL YOU AGAIN THAT SONG'S HOUSE WITH ITS TREASURES, MUST BE LEFT UNHARMED. I WANT IT FOR MY HEADQUARTERS.

THEN WE'RE TO MAKE A FRONTAL ASSAULT?

OH, NO! THAT IS NEVER THE COMMUNIST WAY. WE WILL OUTWIT MR. SONG—ROUND UP SOME PEASANTS, HAVE THEM BRING THREE CARTLOADS OF WET MOSS FROM THE RIVER.

SO THAT'S WHAT HAPPENED! ZERO SKIPPED A MEAL WHEN HE TYPED OUT THE MENU!

HEY, COOK! THIS LOOKS MORE LIKE LUNCH THAN BREAKFAST

DON'T WORRY ABOUT IT

WE'LL GIVE YOU BREAKFAST FOR LUNCH

I THOUGHT WE MIGHT LIKE GETTING AWAY FOR A LITTLE FISHING, SULLY, AND NOT TELL ANYBODY WHERE WE ARE!

AFTER SULLY IS SETTLED IN THE BOARDING HOUSE, HE AND MARK HEAD FOR A TRIBUT STREAM IN THE HIGH COUNTRY NORTH OF LOST FOREST

MEANWHILE, NEW RANGER MCGREEN HAS MOVED INTO SULLY'S OLD CABIN AT CROOKED-RUN

IT'S VERY NICE OF YOU AND DOC TO HELP ME GET SETTLED, CHERRY. BY THE WAY, WHERE'S MARK?

BEEBLE BAALEY

MARK TRAIL

# Plea for Unity Put to Loggers

VANCOUVER (CP)—Industrial peace and employment are the major objectives for a prosperous and developing British Columbia, Labor Minister Leslie Peterson declared Thursday.

## NIKITA

Continued from Page 1  
Soviet Union to stop nuclear tests in the atmosphere by Saturday.

### TEST BAN UNLIKELY

Plainly indicating that Moscow will say no to the proposal to stop atmospheric tests, Khrushchev said:

"The Western proposal to stop tests in the atmosphere is merely a propaganda move designed to deceive public opinion."

He also said it was unrealistic to ask Russia to stop tests while France is free to do so.

Reporting from Moscow on an interview with Khrushchev, New York Times foreign affairs columnist C. L. Sulzberger called Nikita's attitude as "tough and relentless."

Khrushchev told Sulzberger that no Soviet long-range missiles or atomic warheads had been given to Moscow's allies, and none are stationed outside the Soviet Union except "perhaps in East Germany."

Sulzberger reported Khrushchev feels that Britain, France and Italy would refuse to fight a war for Berlin and are, "figuratively speaking, hostages to us and a guarantee against war."

The Times columnist reported that Khrushchev was courteous, calm and friendly to him through the interview.

"I have the impression," Sulzberger wrote, "that Mr. Khrushchev is supremely confident that he can win the present test of iron wills without recourse to war and that, although he admits the present crisis is now acute, he is sure the Western world will in the end come to accept his basis for a new Berlin formula."

## HYDRO

Continued from Page 1  
launched b-city officials, who felt the hydro building was of an ideal size, appearance and location for a new city hall and undoubtedly would be cheaper than constructing a new building.

However, no official negotiations have been possible until the government makes up its mind about the future of B.C. Hydro and whether or not it will get new quarters.

Possible acquisition of the hydro building also has kept a new city hall proposal as one of the leading suggestions for a permanent centennial project next year. Acquisition of an existing building is the only hope that the civic staff would be able to occupy new quarters during the centenary.

## Motelman Placed On Bond After Assaulting Boys

Ernest Heinrich Egert, 41, Gorge, was placed on a bond of \$100 to keep the peace for three months after conviction in city police court Thursday for common assault.

Manager of the Redwood Auto Court, at the same address, he was accused of slapping two carrier boys Aug. 16 when he thought they were taking empty pop bottles from a machine on the premises.

Mr. Egert denied slapping them but admitted to shaking the two.

"I think it was in the nature of a parental slap," said city prosecutor Angus Smith. "I am sure it was," agreed Magistrate William Ostler.

However the magistrate found an assault had taken place and told the man he "had no right to assault these little boys."

The boys were aged 12 and nine.

## U.S. Admiral Dies

PHILADELPHIA (AP)—Admiral DeWitt Clinton Ramsay, 72, retired former United States commander-in-chief of the Pacific and one-time vice-chief of United States naval operations, died Thursday in Philadelphia naval hospital.

LESLIE PETERSON  
... major objectives

## Probe Bid Baffles Williston

Lands and Forests Minister Ray Williston Thursday defended government protection and management policies against a call for an investigation by the International Woodworkers of America union.

IWA president Joe Morris urged the probe into what he called an alarming depletion of timber through fires, pests and unplanned cutting.

Mr. Williston replied that the government had a very effective firefighting policy, and that it was proud of its sustained yield program which controls timber cutting.

### NO REDUCTION

So effective has been the firefighting that there has been no reduction at all in the timber cuts allowed, he said.

He said he didn't know what the IWA's suggested investigation could accomplish.

"If the IWA has any information on which their resolution is based I would like to see it," he added.

"I don't think anybody from that organization has examined our up to date forest inventory since the Sloan Report (1956)," said the minister.

## Political Action Urged On Unions

VANCOUVER (CP)—A top United States union official said Thursday intensified political action by labor can have a direct and important bearing on the outcome of domestic and world issues.

Claude Ballard of Portland, Ore., international first vice-president of the International Woodworkers of America, told the union's western Canada convention labor has seen many of its gains "eliminated by anti-union politicians who control the legislative assemblies to pass anti-labor legislation."

"Our answer to this type of political atmosphere, which deprives the trade union movement of not only its hard-fought gains but future benefits, can only be an intensification of our political action work."

The IWA vice-president referred to Canadian labor's backing of the New Democratic Party. He said this program of political action "could have a direct and important bearing on the outcome of domestic and world issues."

## Two Flower Shows Set for Saturday

Fruits of a long summer's gardening will be exhibited at two flower shows Saturday, one at Gordon Head and one at Strawberry Vale, both opening at 2 p.m.

Although flowers will be the principal attraction at both shows, there also will be fruit and vegetable exhibits, with home baking as an added attraction at the Strawberry Vale fair.

Sponsored by the Gordon Head Garden Club, the flower show in Gordon Head Community Hall features a large flower arrangement section competing for the Wrenshall Rose bowl, including two classes for miniature arrangements.

Convener is Mrs. A. Whitaker, 2224 Edgewood. Exhibits must be in position in the community hall on Tyndal by 11 a.m. Saturday.

Flower growers at the Strawberry Vale fair will be competing for the Pollock Trophy in 11 classes, with a special children's flower arrangement class as an added attraction.

There are also cups and trophies for fruits and vegetables, home canning, home baking, and a model competition. Fair begins at 2 p.m. in the Strawberry Vale Community Hall, and conveners are M. H. Aldersmith, 7 Vickery Road, and R. Moyer, 1020 Mina Avenue.

# France 'Given' Bizerte

TUNIS (AP)—President

Habib Bourguiba of Tunisia today agreed to let France keep the strategic Bizerte naval base as long as the danger of a major world war exists.

In a major conciliatory offer to iron out the smouldering dispute over Bizerte, the Tunisian chief of state said he is ready to begin talks to obtain a "modus vivendi" concerning the utilization of the base during the dangerous period.

Once the danger is over, Bourguiba told a press conference, "the agreement would be followed by negotiations on the total evacuation" of the base by the French.

This shift from Bourguiba's militant policy on Bizerte apparently resulted from a statement by French President de Gaulle at a press conference Tuesday.

De Gaulle said that France eventually would have to negotiate a withdrawal from Bizerte but it would be impossible to pull out in the present state of international tension.

Bourguiba flew home Wednesday from the Belgrade conference of non-aligned states as tension mounted in Bizerte, scene of heavy fighting this summer when Tunisia tried to force out the French and they fought back. A new clash Tuesday left four Tunisians dead and 42 wounded.

Bourguiba said today he is also willing to negotiate with

France the Tunisian claims to a portion of the Sahara. "Frenchmen held in concentration camps will be liberated after records have been announced a prisoner exchange signed."

# U.S. Army Under Fire Over Parr's TV Show

WASHINGTON (AP)—The Pentagon with the approval of the White House today launched an investigation of the U.S. Army's part in the staging of the Jack Parr TV show Thursday at a crossing between West and East Berlin.

"If the newspaper reports are accurate, it was a disgraceful episode," said Arthur Sulzberger, assistant secretary of defense for public affairs.

"If army officers were responsible, they showed very poor judgment."

The incident took place at the Friedrichstrasse crossing between West and East Berlin.

In recent days this crossing has been manned by about a squad of U.S. soldiers. But Thursday the Jack Parr TV cameras showed up, and so did two colonels, one lieutenant-colonel, a major, a captain, two lieutenants and about 50 men from the ranks, some in bulletproof vests.

Across the line the East Germans, who have pictured the United States as a troublemaker, trained their own TV cameras on all the American brass and weapons.

## TOPICS OF THE DAY

Six blocks of frayed tempers was the only damage Thursday evening when burning tires held up traffic on Oak Bay and Foul Bay.

The tires, and some empty oil cans, caught fire when a paper fire in an incinerator got out of hand at Alton's Service Station at the intersection of the two roads.

There was no property damage and police cleared the traffic jam after several minutes of work.

The younger section of the Junior branch of the Victoria Natural History Society will meet on Saturday at 1:30 p.m. at the Monterey Restaurant parking lot for a field trip to Seymour Hill, Thetis Park.

Gerald T. Blackwood, 4633 Prospect Lake Road, was sentenced to 10 days in jail Thursday in Saanich police court after pleading guilty to his second offence of driving while suspended.

A fine of \$250 plus licence suspension was imposed on George E. Peterson, 271 Cadillac, in Saanich police court Thursday for impaired driving.

He pleaded guilty and police said he was seen driving on the wrong side of Cloverdale about 6:40 p.m. Wednesday.

Michael R. Walker, 638 Sedger, and Ronald D. Parker, 3334 Rolston, were both bound over in their own recognizance, on bond of \$50 to keep the peace for six months in Saanich police court today.

They had both pleaded guilty to theft of goods under the value of \$50. In addition, they were both prohibited from driving anywhere in Canada for six months.

The two were charged with theft of two gallons of gasoline from a tractor owned by Jack Henson, 520 West Burnside.

Police found them beside the Henson property today at 12:30 a.m. with the can of gas in the trunk of a car.

Value of the gas was described as about \$1.

B.C. Health Minister Eric Martin is in hospital today in satisfactory condition after minor surgery.

Mr. Martin was admitted to St. Joseph's Hospital on Labor Day.

He is expected home again this weekend.

A spokesman for his office said the operation was not a serious one, and the ailment was minor.

Monthly meeting of the Victoria Natural History Society will be held on Tuesday at 8 p.m. in the Douglas Building Cafeteria, Elliot Street. The guest speakers will be Mrs. Mayford Slocomb and Miss Enid Lemon on the subject, "Travelling With a Camera."

First meeting of the fall and winter season of the Prospect Lake and District Community Association is scheduled Monday at 8 p.m. in Prospect Lake Elementary School. Officials hope to see new members as well as old for an evening of discussion on topics relating to the district, including park development, road improvement, transportation, scouting facilities, and a community hall.

Omitted from the Labor Day weekend Saanichon fair results published by the Times was the "best rose in the show" award. It was won by S. A. Kirk.

First meeting of the season for the Totmie Parent-Teacher Association will be held on Monday evening at 8 in the school auditorium. Mrs. Ruby Walker will install the new executive.

Doncaster Parent-Teacher Association will meet on Wednesday evening at 8 in the school auditorium, where slides will be shown and a talk given on the health program in the school.

Final cross-examination and lawyers' summations were scheduled for today in the appeal by Geoffrey D'Arcy from his dismissal as an industrial arts teacher at Colquitz Junior High School. The hearing, before a three-member board of reference, was expected to conclude tonight.

The Adoption Committee for Aid to Displaced Persons will hold its monthly meeting in the lower hall of St. Andrew's Roman Catholic Cathedral on Monday at 12 noon.

## Admiral Asks Everybody To Navy Day 'Open House'

Rear Admiral E. W. Finch-Noyes today extended a welcome to the people of Greater Victoria to attend the Navy Day "open house" at HMC Dockyard and HMCS Naden Saturday from 1:30 p.m. to 5 p.m.

## TALL TAIL-WAGGER

Looks like murder, but in fact they're friends. Tall one on the left is Tara of Dhunorh, one of the world's largest Irish wolfhounds; seen here at the Vancouver Island Dog Fanciers show at the Curling Rink today. On the

right is owner Mrs. J. G. Harris of Five-Mile Kennels. Tara, 15 months old, weighs 130 pounds, stands 35½ inches at the shoulder—and could grow another inch yet. (Halkett Photo.)

## Call Coming Soon For Rescue Teams

Local militia units are expected to advertise soon for volunteers to man civil defence mobile rescue columns in Greater Victoria—one of 16 target areas in the event of a nuclear attack.

The call for volunteers is expected after announcement in Ottawa Thursday that 150,000 men will be needed to make up the units.

The army and militia will raise 50,000 men, the rest, according to local civil defence officials, will probably be volunteers recruited by the militia for a brief training course and stand-by duty.

However, details of the new

plan to step up the work of civil defence have not been given to the provincial and local officials here.

Victoria civil defence director Commodore Val Godfrey was frankly "in the dark" at present. But a provincial official said he believed the army would advertise shortly for volunteers.

The recruits would probably only be paid a nominal sum during their training course, he said.

### INCREASED TEMPO

The rescue columns have been in existence for about two years, he added, manned by army and militia men, and assisted by local CD volunteers.

"This just increases the tempo of what we are doing."

Meanwhile, Commodore Godfrey reported, there has been a marked interest in civil defence locally, with 30 to 40 people taking plans for fallout shelters during the last week.

Oak Bay is the only municipality in which a shelter is actually officially under construction. One building permit has been issued to an elderly man, and another man has told officials he plans to apply very soon.

Saanich, Esquimalt and Victoria say no shelter-permits have been issued, but Commodore Godfrey said he believes about half a dozen people have built shelters "on the quiet" so that neighbors would not know they had them.

Commodore Godfrey said further evidence of interest in civil defence is the average of 15 inquiries his office receives a day for pamphlets describing 11 steps to survival in the event of a nuclear attack. He said 10,000 of these have been distributed in Greater Victoria.

## Dance Tonight To Aid Demolay Building Fund

Greater Victoria Order of Demolay chapters and Daughters of Job Bethels are raising funds to provide a centrally located meeting place in Victoria for both groups.

The building fund is expected to receive a boost from the proceeds of a dance at Memorial Arena tonight from 3 to midnight.

Everyone is welcome at the affair which will feature the Port Alberni "Renegades," a seven-piece group that won the "Battle of the Bands" provincial competition in Vernon last year.

Admission is being kept low to enable everyone to attend, and intermission entertainment will be headed by the popular Bill Hosie Trio.

## City Firm's Shelter Costs \$500

A Victoria construction firm is marketing its own version of fallout shelter.

Heath Construction, 945 Kings, is putting its first unit into a new home now being built at Brentwood for its owner, V. C. Heath. Blueprints of several variations of the basic design are now available to the public. Cost will be from \$500 up.

The Heath shelters are larger than those designed by the federal government for which plans are available at civil defence offices.

They are built on 10-inch concrete walls and include a special ventilation-heating unit, designed to conserve air within the shelter.

There is some protection from blast as well as fallout, said a spokesman for the firm. He said the shelters can be built either in basements or outside.

Plans have been inspected by a civil defence official who was "very interested," he added.

The spokesman said he hoped a private promotion drive would "help shake the complacency out of Victoria."

Only one other building permit—in Oak Bay—has been taken out in Greater Victoria for a shelter.

## Board Backs Industrial Area Plans

Capital Region Planning Board today gave qualified support to a Vancouver company's proposal to develop a 50-acre industrial district at Trans-Canada Highway and Burnside.

The board wrote Saanich council after studying a controversial proposal by Dominion Construction Company for rezoning of the land.

It said the Dominion site was the best available on the Trans-Canada Highway but it should be smaller than 50 acres.

### ATTENTATIVE

The board also suggested that Saanich council should consider an alternative site for an industrial district along the Patricia Bay Highway north of Carey Road.

The board's report said the Greater Victoria area needed a small planned industrial district.

"One advantage of such a development would be a resulting reduction in pressures put on councils for scattered spot rezonings for industrial uses," CRPB director A. H. Roberts said.

### BETTER SITE

The report suggested "a better site might be found between the present Patricia Bay Highway and a proposed jog westwards in tentative plans for relocating the road north of Carey Road."

But either site should be rezoned if council is approached by a developer willing to proceed according to detailed conditions, he report said.

## Boom Warning Given Boatmen

Mariners are advised that a 90-foot boom will extend over the water between Mayne and Samuel Islands until about Oct. 2. The boom is painted black and yellow and a red float is suspended from the end.

Extreme caution is advised when in the vicinity of the boom, which is being used for measuring the speed of the current.

## RECORD ENTRIES, NEW FEATURES

# Spotlight on Duncan Fair

The last major "farm fair" of the year for Vancouver Island opened today at Duncan and will continue through Saturday.

Officials report a record number of livestock entries for the Cowichan exhibition and a number of new features.

In open classes there are 207 cattle entries including Ayrshires, Holsteins, Shorthorns, Guernseys and Jerseys. About 100 4-H club members from most parts of the island will show their calves.

The 4-H or junior farm section of the exhibition is expected to be lively all day Saturday with a variety of events. In addition to the showing of their animals in competition, the young farmers will compete in showmanship and judging events, present demonstrations on various phases of their 4-H work, and compete in square dancing competitions. The latter is a new innovation.

### DAIRY QUEEN

The youngsters today presented, with pride, Canada's newly-crowned Dairy Queen, Miss Clara Taylor of Saanich.

## Road Speedup Faces Saanich

Faced with increased pressure for improvements to major thoroughfares, Saanich finance committee will meet next week to consider stepping up its long-range road building program in the fast-growing municipality.

Municipal engineer Neville Life said today council has already earmarked \$90,500 for reconstruction of Cloverdale from Quadra to Douglas.

Other projects under consideration are improvements to Reynolds Road and Cedar Hill Cross Road to cost more than \$50,000, and the reconstruction of Saanich Road.

Mr. Life said plans for the development of the new Victoria College campus at Gordon Head also poses some serious road problems which will have to be faced by council in the near future.

### FUNDS LIMITED

"The municipality is developing so rapidly that road reconstruction is becoming more and more a problem," he said. "There is also a limit to what can be spent on roads."

Since 1959, he said, Saanich has spent about \$100,000 a year on improvements to main thoroughfares which included reconstruction of Quadra from the city boundary to Reynolds Road.

But, he added, the establishment of a commercial centre on Douglas, plus plans for the development of the Gordon Head campus and the construction of about 400 new homes a year in the municipality, has greatly increased the pressure for roads.

"We also have to consider the rural areas and secondary roads," he said.

### WINTER WORK

Mr. Life said Cloverdale reconstruction will be initiated under a local improvement by-law. Cost to property owners will be \$28,500 and the municipality's share \$90,500.

The project will be carried out under the winter works program.

## B.C. to Give \$7,000 For Surveys

First concrete step towards closing a five-mile gap in the scenic marine drive along the east coast of Saanich Peninsula was announced today.

Capital Region Planning Board director A. H. Roberts said the provincial highways department has promised to give \$7,000 towards an engineering survey next year along the east coast of Central Saanich.

### FULL SURVEYS

The board has recommended that Central Saanich and Saanich councils augment the donation to enable full surveys of site location and cost estimates for a road project that would link Cordova Bay Road to the Pat Bay Highway south of the federal experimental farm.

The eight-member board has been pressing for such a project during the past year in its efforts to promote extension of the marine drive around the perimeter of the peninsula.

Recent meeting of CRPB also agreed to an Oak Bay and Saanich request that it conduct a study of future land use in the area surrounding Victoria College's new campus.

## 'INVITATION TO TRAGEDY' BRINGS FINE

A Saanich man's boat-handling was described as "an invitation to tragedy" by Magistrate William Ostler in Saanich police court Thursday.

He fined G. H. Davins, 1141 Bute, \$30 after the man admitted carrying only four life preservers in a boat holding seven people when checked by police in Gorge waters.

"You can see the bottom most of the time," Davins told police, thus prompting the magistrate's rebuke.

"Many people have drowned in shallow water," Mr. Ostler said. "You must have a life preserver for everyone in the boat."

## Damages Awarded After Customer Crashes Car

Island Auto Parts Ltd., 526 David Street, was awarded \$150 damages in Victoria county court today because one of its cars was involved in a collision while on trial by a customer.

The company said Carl R. Baker, 3401 Richardson, was considering purchase of the car. He was having it tested when the collision occurred.

It claimed \$151 for repairs to the car, plus \$150 for loss of use of the car for 30 days.

Judge J. B. Clearihue allowed the first claim, less one dollar, but dismissed the second.

## ESQUIMALT NAVAL SHIP MOVEMENTS

James Bay, Cowichan, Miramichi and Fortune, no definite date for return.

Ottawa left today, returns Sept. 14 at 8 p.m.

Stettler and Skeena out for the day.

## ASK The TIMES

Q. Could you please advise me where I could write for a large color photograph of the Canadian Golden Hawks in flight? L.P.

A. Write to the Public Relations Officer, Royal Canadian Air Force, 545 Seymour Street, Vancouver.

Q. Would you give me the name and address of Grandma Moses? I believe she was 101 Thursday; our birthdate is the same, and I would like to send her a greeting. M.S.

A. Her name is Mrs. Anna Mary Robertson Moses, and her address is Hooisick Falls, New York, U.S.A.

Anyone wishing a question answered is invited to send the question along with the Times, addressed to "Ask the Times" Editor. Questions and answers will be published daily. All questions should deal with matters of fact and be of general interest. The Times does not undertake to solve conundrums, or legal problems. Nor will it attempt to set a value on old coins, stamps or antiques. These should be submitted to a dealer.

DOCILE "DOGGIE" getting ready for judge at Cowichan Exhibition before opening of two-day fair today is Gudrun E., a year-old Aberdeen Angus bull from Mrs. W. C. Woodward's beautiful West Saanich "Woodwyn

Farm." He is one of record 207 livestock entries at the show. Giving him his pre-show bath is Jim O'Reilly, son of Woodwyn Farm manager Tom O'Reilly who is seen in background. Most breeds of cattle are being shown.

## Holotuk-LeRoy Vows in Duncan

Gladioli and chrysanthemums in tones of white, scarlet and yellow flanked the altar at Duncan United Church for the recent marriage of Miss Violet Dorothy LeRoy and Constable Leslie Frederick Stephen Holotuk, RCMP.

Rev. R. B. Knipe officiated at the double ring ceremony which united in marriage the daughter of Mr. and Mrs. P.

LeRoy, of Duncan, and Mr. and Mrs. P. Holotuk, of Powness, Ont.

White organza delicately embroidered with French silk created the floor-length gown worn by the bride. The fitted bodice was designed with scalloped neckline and cap sleeves, while the full-hooped skirt billowed from a dropped waistline into a chapel train.

An organza rose dusted with seed pearls held her bouffant veil of illusion net. Red roses and white carnations were in her bouquet. Her father gave her in marriage.

All attendants were gowned identically in pure silk white organza gowns with cummerbunds of nylon sheer in a floral print. Picture hats completed their ensembles.

They were Miss Kay Trevelyan, maid of honor; Mrs. Clive

Walton, the bride's sister, as bridesmatron, and the Misses Cheryl and Linda LeRoy, nieces of the bride, were junior bridesmaids. All carried bouquets to complement their gowns.

Const. N. R. Harvey-McKean, wearing a scarlet RCMP uniform, was the best man, with Const. M. Hochstetler, Const. L. J. Wilson and Const. S. M. P. Broche, all in scarlet uniforms, ushering guests. Mrs. N. Carter was the organist.

The Eagles' Hall, Duncan, was the scene of the reception. C. Jordan proposed a toast to the bride.

For a honeymoon trip on the Island, the new Mrs. Holotuk donned an ensemble in apple green tones topped with a linen duster coat. Const. and Mrs. Holotuk will make their home in the Alberni Valley.

### AROUND, ABOUT

#### Recalls Author's Honeymoon

By Pat Dufour

There's a romantic story attached to a Robert Louis Stevenson violet that bears white flowers measuring a mere eighth of an inch. It's so named because these flowers carpeted a path on Mount St. Helena in California that led to the old Silverado Mine, which Steven-

son and his bride used. In their honeymoon days, during which he wrote "Silverado Squatters," The violet and I were formally introduced by its grower, W. Warren Anderson, who lives just outside San Francisco.

A retired advertising executive from New York, Mr. Anderson bought seven acres of land in Mill Valley and now specializes in growing rare plants and trees.

Transition from hard-boiled executive to professional "green thumb" is explained this way:

"I'm a Swede and we all seem to like gardening. In the little town in Minnesota where I was raised I was the wealthiest kid in the block. I'd raise my own vegetables and peddle them to the neighbors."

His ability to spin a good yarn is attributed to hereditary skill passed on by his great-great-grandfather, John Bunyan of "Pilgrim's Progress" fame—but that's another story!

#### VICTORIA'S REDWOODS

An absolute greenhorn when it comes to things gardening—my eyebrows felt as if they were in a state of shock when he told me that we have at least two of the California Redwood trees growing in Victoria.

"I was in your city a few years ago," he told me, "and saw two beautiful specimens of the sequoia gigantea tree."

Mr. Anderson has shipped Redwoods all over the world.

"There are 17 species and 100 varieties and they're now growing in 50 of the states and in 30 foreign countries," he says.

One of the most fascinating species he showed me was named the 'Headhunters' Redwood. He is growing this one from seed gathered by headhunters in the mountains of Formosa.

Said Mr. Anderson, "I struck up a friendship with one of the men in General Chiang Kai-shek's government and we managed to persuade these tough little fighters to gather the seed for us." (He showed me scores of seedlings grown from his first shipment.)

From a Chinese missionary, Mr. Anderson inveigled a rare plant. "It's the world's only green rose and probably the most ancient. The flower consists only of sepals, and still hasn't learned to make petals."

As a part-time hobby, he teaches bonsai at night classes during the fall and winter months. This is the Japanese art of dwarfing normal trees for miniature house decorations.

If, some day, my neighbors are astonished to find a black and gold sweet pea or a blue camellia struggling in my patient garden it will be a sure sign that I've invested in some of Mr. Anderson's wonders.

### SHOPPING GUIDE

#### Cakes and Pastries Galore With Honesty on the Side

By PENNY SAVER

Ladies, when you go shopping tomorrow, do visit the delightful bake shop I was in today. Besides being able to find some mouth-watering cakes for your weekend entertaining, or perhaps just for your family, you can sit and enjoy a cup of coffee in order to rest your feet.

Best part of all is that you are treated as if you are bursting with honesty and integrity—you are allowed to serve your own coffee (or tea) and make your own change. At the same time, you can sample whatever it is you wish to take home.

If you do feel the need of sustenance for your shopping hours, this bake shop has delicious cubed beef meat pies with gravy. Every noon from 11:30 a.m. to 1:30 p.m. they warm a number of them up in the oven and presto—there is your lunch—for just 20 cents! A 10-minute wait and you can have any of the other kinds of pies—pork, 20 cents; chicken, 25 cents; beef turnover, 10 cents, or sausage rolls, two for 15 cents—warmed, if you prefer them that way.

News flash from Penny is a new frozen dairy dessert being carried in one store. Dessert is a substitute for ice cream, comes in vanilla and neopolitan flavors and is only 49 cents for three pints.

Forgetful Penny slipped Wednesday night, insulted Maths 30 students, and is covered with remorse. "Guidebook to Mathematics 30" is for Grade 11 (actually) and follows the course given in regular school textbooks. Author is a master in a private school on Vancouver Island who also printed the guide last year. He's revised it and added to it this year.

Feet weary, tired of ice cream, angry at Penny for making mistakes—call EV 2-3131!

### THE BETTER HALF

By Bob Barnes

"Well, the rat-race must be over—my entry just crossed the finish line."

### OF PERSONAL INTEREST

#### Wed Recently

Dr. J. L. W. McLean officiated at the double ring ceremony held in the vestry of St. Andrew's Presbyterian Church that united Sarah Ann Lorraine Carter, only daughter of Capt. Douglas Gosse and Mrs. Gosse, 646 Cornwall Street, and Mr. Steven Dyers, son of Mr. and Mrs. D. Dyers of Manitoba. Following the ceremony a dinner for the family and attendants was held in the Terra Cotta Room at the Dominion Hotel. Leaving on a honeymoon trip to California, the new Mrs. Dyers donned a turquoise Blin and Blin dress and matching jacket, white pillbox feathered hat with veil, black accessories and white orchid corsage. Newlyweds will make their home at Alberni.

In Toronto

Mr. David Laundry, son of Mr. and Mrs. Arthur Laundry, 1995 Fairfield Road, left on Tuesday for Toronto where he will enter his second year in Journalism at Ryerson Institute of Technology.

#### Shower Party

Miss Dawn Hickman was hostess at a shower in her Linden Avenue home recently in honor of brides-elect, Miss Gail Paterson and Miss Janette Spark. Gifts in a decorated laundry hamper and corsages

were presented to both honor guests. The brides-to-be and all the invited guests are members of the September, 1961, graduating class of St. Joseph's School of Nursing. Guests included the Misses Eleanor Caunt, Rita Haffey, Elizabeth Harding, Sharon Liebscher, Lynne Mackay, Christine MacKenzie, Margaret Nelson, Gail Redpath, Anne Rice, Betty Paine, Valerie Riecken, Jean Salton and Arlyne Slater.

Mr. David Laundry, son of Mr. and Mrs. Arthur Laundry, 1995 Fairfield Road, left on Tuesday for Toronto where he will enter his second year in Journalism at Ryerson Institute of Technology.

Catherine Shale Likes Outdoor Sports

### Here On Short Visit

"Are you musical?" is the question most likely to be asked of Miss Catherine Shale, 17-year-old daughter of Stanley Shale, outstanding musician and an examiner with the Royal Academy and Royal Colleges of Music.

And Miss Shale, trying to be honest and loyal at the same time, will answer "Not particularly."

Riding, fishing and swimming appeal to her much more and because these things are so easy to do in Canada, Catherine wants to live here. Born in Victoria, Catherine spent two or three years on Galkano Island before moving to London, Eng., when she was 10.

Now finished at private school, which she attended outside London, Miss Shale has come to Victoria with her father, who goes on shortly to Hong Kong and then to the British West Indies to conduct examinations.

While confessing that she would like to travel, this attractive young woman's ultimate goal is a home in Canada where she can indulge her love of outdoor sports.

At present she is visiting her grandparents, Mr. and Mrs. St. John Munroe at their home on Haultain Street and later will go to Vancouver where she will stay until next May.

### WHY GROW OLD?

By JOSEPHINE LOWMAN

Q. "Would you please print a good waist-reducing exercise?"

A. Stand tall, with your feet comfortably separated. Place both hands on top of your head. Now bend to the left, and try to touch your left elbow to your right leg. Raise your trunk. This time bend to the right and try to touch your right elbow to your right leg. Raise trunk. Continue, alternating left and right.

Q. "I do not know what I should weigh. I am confused by all the different charts. Can you give me some rule for finding out what I should weigh?"

A. In a recent issue of a national medical association magazine, the height-girth ratio was mentioned as one way to help decide upon your weight. In this you subtract your waist measurement from your height, in inches. If the result is 35 or less, you had better begin dieting. For instance, if your height is 5 feet 6 inches or 66 inches, and your waist measures 32 inches, it's calorie counting for you!

Q. "I have a full face. Is

there any way to reduce it? Would it help if I lost weight?"

A. A loss of weight slenderness the face, but you do not sound as though you need to lose weight. You can make your face appear slimmer by wearing your hair high on top of your head, and close at the sides.

Q. "Until six months ago I had a complexion which was on the oily side. I became dry and my complexion became dry and wrinkled. I have wrinkles under my eyes and crow's feet. All this has happened in the space of six months or less. I am at my wit's end! How can I get rid of these wrinkles? They have aged me before my time."

A. This sometimes happens after an illness. If you lost weight, are underweight, a gain will help. Do not be too discouraged. I feel sure that the situation will improve as you recuperate. I suggest that you use one of the hormone creams.

### DEAR ABBY

#### Cause for Worry!

By ABIGAIL VAN BUREN

DEAR ABBY: I am terribly worried about my mother. It all started about two years ago. She started talking to herself. I thought it was just nothing, but it kept getting worse. The other day she locked herself in the lavatory for about an hour. I became worried, and asked her what she was taking her so long. She said she was making contact with her brother in California. (That brother has been dead about 10 years.) Now she tells me that she makes contact with her parents (they are both dead), and she talks to herself more than ever. I love my mother very much, and want to know how I can help her. When I ask how she feels she tells me she feels fine, so I can't suddenly rush her to a doctor. She is 53, and the nervous type.

WORRIED DAUGHTER. DEAR DAUGHTER: Even people who feel "fine" need an occasional physical check-up. It is obvious that your mother needs the help of a doctor immediately. Make an appointment for her, and tell her it is merely a routine examination.

DEAR ABBY: My parents gave me a bicycle for my 12th birthday. They won't let me ride it on the highway. Why? MAD. DEAR MAD: Because they want to see you celebrate your 13th!

DEAR ABBY: At present I am doing some secretarial work for my church. I am trying to bring the file cards of each member of the congregation up to date. This involves calling the members and ask-

ing them questions about themselves. One of the questions is, "When were you born?"

To my surprise, many of the older members have told me that this question is too personal, and have refused to give me this information. They act as though I am prying and snooping for my own benefit. HURT CHURCH-WORKER.

DEAR HURT: Assume those who are reluctant to reveal their ages that the information will be kept strictly confidential, and explain why the date of one's birth is necessary for the official church records.

CONFIDENTIAL TO EM-BARRASSED: A short pencil is better than a long memory.

"Are things rough?" Let Abby help you solve your problem. For a personal reply, enclose a stamped, self-addressed envelope and send to 205 Park Road, Burlingame, Calif.

For Abby's booklet, "How To Have a Lovely Wedding," send 50c to Abby, 205 Park Road, Burlingame, Calif.

## 'Why Didn't They Stop?'

HOPE (CP) — Ian Thomas of Chemainus told Thursday how he lay cold and injured on a rocky ledge off the Hope-Princeton Highway and watched the headlights of cars winding along the road 100 feet up—cars that didn't stop.

Thomas, 21-year-old Victoria College student and summertime employee of the department of highways, lay there for almost seven hours after his truck plunged over the cliff at Suicide Bend.

He didn't know it then, but he suffered a broken ankle and a dislocated shoulder when thrown clear of the truck. He landed on a rocky ledge,

100 feet down while his truck plunged 300 feet to the bottom.

"It all seemed very unreal," he said from his hospital bed. "I remember lying there looking up at the headlights and wondering why no one would stop."

He tried to climb up from the ledge but fell back in pain.

Then a passing motorist noticed a briefcase lying beside the road, stopped and heard his cries from below and notified police.

Thomas was hauled up from his near-grave seven hours after he went over the curve which has claimed at least 10 motorists' lives in the last eight years.

## ISLAND DIGEST

22 Victoria Daily Times FRIDAY, SEPT. 8, 1961

### V.I. ROUNDUP

## Battle Land Sale 'Public Betrayal'

CAMPBELL RIVER—Sale of foreshore along Battle Lake would be a "public betrayal and a criminal act," Comox MLA Dan Campbell said here today.

Mr. Campbell was commenting on rumors that Elk River Timber Co., which owns much of the lakeshore, intended to subdivide the property and offer lots for sale.

"If this land were lost to public use it would be one of the greatest betrayals of recreation and conservation ever seen in this province," he declared.

Meanwhile, in Everett, Washington, T. R. Sheldon, woodlands manager for Scott Paper Co., which controls Elk River Timber Co., denied that his company plans to sell lots on Battle Lake.

Mr. Sheldon said that negotiations with the government over the property in question and the Gold River Road are still under way.

## Gaglardi's Trial Set for Sept. 19

Charged with careless driving, Highways Minister Philip Gaglardi was remanded to Sept. 19 for trial in a brief hearing in Saanich police court Thursday.

According to bare circumstances related Thursday, the Crown will allege Mr. Gaglardi passed a number of cars on the Patricia Bay Highway near Royal Oak Cemetery at "a high rate of speed."

The charge against the minister was laid by a citizen.

## TENDER FOR PAINTING STREET LIGHT STANDARDS

Sealed tenders will be received by the City Clerk, City Hall, Victoria, B.C., up until noon, Friday, September 22nd, 1961, for repainting Street Light Standards and Street Light Standards in the City of Victoria, all to strict accordance with specifications and general conditions which may be obtained from this office.

Each tender, if in excess of \$2,000.00 must be accompanied by a certified cheque equal to 10% of the amount of tender, made payable to the City Treasurer. Envelope containing tender to be marked "Tender for Painting Light Standards."

The lowest or any tender will not necessarily be accepted.  
G. F. SHARPE,  
City Purchasing Agent,  
City Hall, Victoria, B.C.,  
September 8th, 1961.

NOTICE TO CREDITORS  
ESTATE OF SETO HINN, DECEASED  
NOTICE IS HEREBY GIVEN that creditors and others having claims against the estate of Seto Hinn, late of the City of Victoria, British Columbia, hotel proprietor, who died at the City of Victoria on the 15th day of November, 1960, are required to send them to the undersigned at 304 615 View Street, Victoria, British Columbia, before the 30th day of September, 1961, after which date the executor of the said deceased will distribute the said estate among the parties entitled thereto, having regard only to the claims of which he then shall have had notice.

## HUNTERS HIT BY PELLETS FROM SHOTGUN

CHEMAINUS—Two hunters have been slightly injured while shooting grouse in the Silver Lake area, game officials reported today.

Both men were struck by shotgun pellets, fired by other hunters.

Paul Nedrich, Langford, was treated at Chemainus Hospital and had several pellets removed from behind his left ear. Another hunter from Duncan was struck below the eye by a pellet.

Game officials blame the mishaps on poor visibility because of leaves and too many hunters in a comparatively small area.

## U.K. UNIONS VOTE TO KEEP ATOM ARMS

PORTSMOUTH, Eng. (Reuters) — Britain's Trades Union Congress Thursday voted in favor of Britain keeping nuclear weapons so long as Russia has them.

The vote came after a lengthy debate in which both Russia and the United States were criticized for resuming nuclear tests.

## 'Why Protect Berlin Pride?'

### TIRE BLOWOUT INJURES TWO

CALGARY (CP)—Two employees of a Calgary tire repair shop were injured, one critically, when a large truck tire they were inflating blew apart Thursday afternoon.

In hospital suffering from a depressed skull fracture is John Schwab. The other injured employee, John Britton, is reported in satisfactory condition with skull lacerations.

## UBC Post Will Go To Woman

Post of chancellor of the University of B.C. will go to a lady—either Mrs. Frank M. Ross or Mrs. Anne Angus.

The male nominee, Dr. Hugh Keenleyside, chairman of B.C. Power Commission, has withdrawn from the contest, because his normal duties "will keep me more than fully occupied."

This leaves Mrs. Ross, wife of B.C.'s former lieutenant governor, and Mrs. Angus, wife of Dr. H. F. Angus, chairman of the B.C. Public Utilities Commission and dean of economics at UBC.

### UNDEMOCRATIC

Dr. Keenleyside said he was glad there is a competition for the position, vacant after the death of Dr. A. E. Grauer in July.

The contest puts an end to the undemocratic practice of having such appointments arranged in advance, said Dr. Keenleyside.

"We are fortunate in having two most admirable candidates, both distinguished graduates of UBC and both with remarkable records of outside achievement — a third candidate is unnecessary," said Dr. Keenleyside.

OTTAWA (CP)—The West has no right to expect that West Berlin can be continued "as a means of subverting the East German government," New Democratic Party MP Walter Pitman said Thursday night.

"Are we going to war because we will not recognize a state which exists?" the Peterborough member asked the Commons.

"Are we going to war to perpetuate a myth that we are determined to create a united Germany?"

"Are we going to war to bolster the national pride of either the United States, which is coming out of the fiasco of Cuba, or because of the injured pride of the U.S.S.R., which is somewhat reluctant to accept the fact that refugees are leaving the socialist heaven of East Germany?"

Mr. Pitman urged that Canada assume the role in the Berlin crisis of bringing the big powers together on the issue, quickly.

Speaking as the New Democratic Party's only clearly-labelled MP, Mr. Pitman said in part:

"The worst thing we can do is to try to reduce this complexity (of divided Berlin) to an emotional catch-phrase such as 'Rescue the West Berliners from Russian tyranny' or, on the other hand, 'Guard the socialist people's state from Western imperialism.'"

### Igniting of Vapors Caused Tanker Fire

SARNIA (CP)—An official of Imperial Oil Limited said Thursday the explosion and fire which hit the tanker Imperial Hamilton Monday was caused by hydrocarbon vapors igniting.

The explosion and fire sent five members of the crew to hospital and caused \$10,000 damage to the gasoline-laden tanker and \$16,000 damage to the wooden dock.

## GM Reveals Details Of New Wage Deal

DETROIT (AP)—General Motors made public Thursday its national economic settlement with the United Auto Workers Union. The union quickly announced the offer would amount to 12.04 cents per hour, after tax adjustments, for GM's 350,000 production workers.

The economic agreement was disclosed in an apparent attempt to bring a quick end to wildcat work stoppages that have plagued half a dozen or more GM plants since an original strike deadline was moved.

THANK HEAVENS vacation isn't over for city workmen, says four-year-old Ian Mitchell as his older playmates returned to school and he

returned to making and finding his own amusement. This aspect of summer's end was spotted at Hillside and Blanshard by Times photographer Bill Halkett Thursday.

### PROFIT-SHARE PACT SOUGHT

TORONTO (CP)—Automobile workers will seek a profit-sharing agreement with General Motors of Canada, Limited, when contract negotiations open here next Thursday. A spokesman for the United Auto Workers Union (UAW) said the Canadian section of the union will press for the profit-sharing agreement, although the demand was dropped during current contract negotiations in the United States.

The present three-year contract expires November 1.

### REALTORS TOLD:

## Build Better Public Image

BANFF, Alta. (CP)—The annual convention of the Canadian Association of Real Estate Boards closed Thursday with a plea from newly-elected president Bert Katz of Ottawa for Canada's 12,000 real estate brokers to improve the vocation's public image.

During the week the delegates were told by leading civil servants, politicians and members of their business from across North America that the importance of giving sound advice to the public on real property has increased with its emergence as one of the most sound investments in an inflationary economy.

Without exception, the realtors asked for the right to pursue their vocation free of unnecessary government restriction.

Premier Manning of Alberta hit the convention's keynote Wednesday, when he said governments should co-operate but not interfere themselves into business.

Help was urged to tighten

### New Start Tonight For Artillerymen

The 1961-62 training program for members of the 5th B.C. Independent Medium Artillery Battery starts tonight, according to Major G. W. Archer, commanding officer.

The program will include recruit training, national survival and gunnery instructions.

On Saturday morning the Young Soldiers Training Plan, made up of Victoria high school students, will start.

Major Archer said the battery had a number of vacancies for students who wish to train on Friday evenings or Saturday mornings.

## Pro-Red Nations To Lose U.S. Aid?

WASHINGTON (CP)—Qualified officials said Thursday the United States may reduce or eliminate economic foreign aid to countries that side with Russia on major foreign issues.

One of the first to be hit may be Poland, a Soviet satellite that in the past has depended heavily on the United States for gifts of grain and other supplies under the U.S. for peace program.

A new and tougher policy against the Communist bloc and its sympathizers appears to have its roots in United States annoyance and anger arising out of the Berlin crisis and the Belgrade conference of non-aligned countries.

### POLAND WANTS MORE

Officials said Poland, now trying to get more food aid, was a member of the Warsaw pact countries that supported the reaction of a barrier between East and West Berlin.

laws for the licensing of real estate brokers, whose affairs are subject to government control in only seven of 10 provinces.

The federal government was asked Thursday to put money into low-rental housing, on a full recovery basis, and to double the \$4,000 maximum loan for home improvement.

But rapidly-increasing federal spending—both in Canada and the United States—on subsidized housing and various forms of social assistance was criticized on the grounds that it produced an "alarming increase" in civic taxes levied on owners and tenants.

## Little Boost In Fallout Over Canada

OTTAWA (Special)—Radioactive fallout resulting from the new Russian nuclear explosions has had little effect on the A-dust levels in Canada so far.

It was revealed by the National Health Department Thursday that samplings up to Monday by 14 of the 24 federal radioactive monitoring stations have shown "little significant change" in the levels.

The Soviet Union had exploded only two of its nuclear bombs up to Monday night. Two more have been exploded since that time.

The 14 stations which have reported to date extend as far west as Calgary and Yellowknife in the Northwest Territories.

The 24 stations which have completed their initial samplings by next Monday.

### UNITED APPEAL OR NOTHING

## Boycott Move By Business?

Victoria businessmen in the future may band together and refuse to contribute to charitable appeals unless they are under a United Appeal, Victoria Rotary Club was told Thursday.

"I think all the agencies should be in the United Appeal," said Community Chest director Hugh Stephen.

He was taking part in a panel discussion on the Chest at the club's weekly luncheon meeting. Other panel members were David Woodworth, executive director, Family and Children's Service, and Mrs. Phyllis Gravelly, of the YMCA.

### THEY'RE IRKED

"So long as some major agencies pursue their present course, we shall be burdened with several appeals," Mr. Stephen said.

Businessmen—major targets for every appeal—are becoming increasingly irked at the present situation, he said.

Mr. Woodworth, discussing government aid to agencies, said the Family and Children's Service already leans heavily for support on taxes.

"If you like to pass an act or some kind of legislation to start an agency, you will probably be called a socialist," he said.

"Sometimes we like our governments to follow rather than lead."

### FOUNDERS

Mrs. Gravelly acknowledged there was criticism of the YM-YWCA being part of Community Chest.

"They are in it because they were the two agencies who originally founded Community Chest in Victoria," she said.

"Their reasons are just the same now as then—belief in one united appeal."

It appears people are more willing to pull out a dollar to help a juvenile delinquent than pay the same money to prevent him becoming a delinquent, she said.

The money charged teenagers for services at the Y, including girls who received room and board at the YWCA, does not pay for all the extra services they receive.

She was asked about the increasing amount of Chest money paid in salaries to professional workers.

### NEEDS CHANGED

"The reply is simply that the Chest is no longer a 'soup kitchen' operation," she said.

"Community needs have changed since the 19th century when charity work was made up of handouts."

"Today it calls for highly skilled, patient and persistent workers, and skilled workers don't come cheaply," she said.

### Keenleyside To Address Labor 'School'

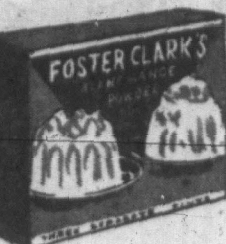

Dr. Hugh Keenleyside, B.C. Power Commission chairman, will be windup speaker at Victoria Labor Council's annual institute in November.

The chairman, who until 1958 was director-general of the United Nations Technical Assistance Administration, will speak on "Some Problems of Canadian Foreign Policy" the last day of the "school" set for Nov. 4 and 5 at Oak Bay Junior High School.

Prof. Tony Emery, of Victoria College, has been asked to speak on "Adult Education and Political Education."

The institute is open to any member of unions affiliated with the labor council.

## CRASHES BARRICADES IN DASH TO FREEDOM

(CP From Reuters-AP)

BERLIN — A young East German stunned Communist border guards today by crashing to freedom in a station wagon through the heavily-barricaded Brandenburg Gate.

The 23-year-old refugee roared through a double barrier of barbed wire before the guards had time to recover and attempt to block his escape.

West Berlin police said the driver escaped unhurt. Firemen had to tow his car away because barbed wire was tightly caught around the station wagon wheels.

## B.C. Hydro To Take Over City Area Soon

One Electric Unit  
Planned for Island

By FRANK BUTTER  
Times Legislative Reporter

The B.C. Power Commission will take over Greater Victoria electricity service next year from B.C. Electric, informed sources said today.

The move will put all Vancouver Island under the power commission, and could possibly mean lower rates here.

The two crown corporations would swap customers here and in northern B.C. in a "book sale" deal.

B.C. Hydro would get 60,000 Greater Victoria accounts and the \$1,250,000 B.C. Electric building here in exchange for its present operations from Williams Lake to Prince George, plus the Peace River territory.

Estimated book value of B.C. Electric's service here is \$40,000,000.

It is expected the B.C. Electric building will become the new head office for B.C. Hydro, leaving its present offices on Blanshard Street available for possible use as a new City Hall.

B.C. Hydro has been planning a new office for several years as there is not enough space or room for expansion on Blanshard.

## New BCE Board Meeting Today

The deal, which is expected to go into effect the first of next year, would be the first big upheaval in public power operations since the government took over B.C. Electric at the August special session of the legislature.

It follows B.C. Electric's announcement that it is going ahead immediately on development of the Peace River power project.

Annual power consumption of the 60,000 B.C. Electric Victoria accounts is 413,000,000 kilowatt-hours.

The company also operates the Greater Victoria transit service, fate of which is still undecided.

The public company's new board of directors was meeting in Vancouver today, and

the Victoria deal and future of transit were believed the two major topics under discussion.

Official reaction to the report of the Victoria deal was very reserved, though not surprised.

However, informed sources told the Times the plan is likely to go through.

B.C. Electric chairman Dr. Gordon Shrum would not comment one way or the other.

"I would check with the premier's office. I expect you'd get an answer there," was all he would say.

Premier Bennett, who as finance minister, controls the purse of the public utility, was unavailable for comment.

## "LOGICAL" MOVE

However, Lands and Forests Minister Ray Williston, who is also a B.C. Electric director, was reported as saying the move was "logical."

Although direct comparisons have always been avoided between B.C. Electric rates—mostly urban—and B.C. Hydro—mostly rural—Nanaimo consumers of the power commission are reported to pay from 3 to 5 per cent less than Victoria customers of B.C. Electric.

Civic officials, hoping for a chance to acquire the B.C. Hydro building as a new city hall, were heartened by the possibility of the switch.

The city included the hydro building in its Cathedral Hill civic centre precinct after hydro officials let it be known they would like to vacate the building for larger quarters.

Informal discussions were continued on Page 11.

## WIRE BRIEFS

### Phone Rates Cut

OTTAWA (UPI)—Completion of a new trans-Atlantic cable has enabled a 25 per cent reduction in telephone rates between Canada and Britain, Transport Minister Leon Balcer announced today.

### CBRT Re-Elects Smith

MONTREAL (CP)—W. J. (Bill) Smith today was re-elected president of the 35,000-member Canadian Brotherhood of Railway, Transport and General Workers (CLC).

### 5 Sisters Perish

PORTLAND, Ore. (AP)—Five sisters, the daughters of Mr. and Mrs. Walter W. Randall, died early today when fire swept through their home. The parents and two other children escaped the blaze.

### Czech Crash Victim

HEADINGLEY, Man. (CP)—Dr. Rudolph Sternschein, a millionaire and politician in pre-war Czechoslovakia, was fatally injured Thursday night when his car and a truck were in a head-on collision near this community 12 miles west of Winnipeg.

### Prison Camps Operate

BERLIN (UPI)—The Communists disclosed today that East Germans banished from border areas for security and other reasons are being sent to prison camps.

### Actor Near Death

SANTA MONICA, Calif. (UPI)—Actor Leo Carrillo, 61, near death at his home, received the last rites of the Roman Catholic Church Thursday.

# West Gives Solemn Warning To Reds on Berlin Flights

\*\*\*

## Tough Nikita Ready to Meet JFK for Talks

MOSCOW (AP)—Soviet Premier Khrushchev said today he was ready for "business-like talks" with President Kennedy on urgent world problems.

At a friendship meeting for Indian Prime Minister Nehru he went on to denounce President Kennedy's decision to resume nuclear testing, and declared "mankind is on the brink of another military tragedy."

At a press conference Khrushchev said pointedly that Khrushchev has not issued any invitation through diplomatic channels but has made the offer only in public statements and interviews.

Other U.S. officials characterized Khrushchev's offer to meet with Kennedy as a cynical attempt to improve the Russian propaganda position while still making impossible demands on the West.

## U-2 Spy Free Soon?

NEW YORK (AP)—Soviet Premier Khrushchev says Francis Gary Powers may be released before his 10-year sentence is up but international tension makes it impossible to free the U-2 pilot from his Soviet prison now.

Khrushchev told C. L. Sulzberger of the New York Times in an interview published today that "Powers himself is not of such value that we would consider it necessary to make him serve his full sentence."

## LOUISIANA EVACUATES

# 125 MPH Winds As Carla Roars

NEW ORLEANS (AP)—Residents of low-lying areas along the Louisiana coast began evacuating their homes today as hurricane Carla—her winds increased to 125 miles an hour—howled up the Gulf of Mexico.

The New Orleans weather bureau, in a 12 noon advisory, said Carla—the season's third storm—has become a major hurricane.

Carla's course veered during the early morning and she now is headed in a northwesterly direction. At noon the centre of the hurricane was about

460 statute miles south of New Orleans.

The weather bureau said Carla would continue its northwesterly movement at about 10 mph for the next 12 to 18 hours.

The hurricane watch was extended to include the entire Texas coast and now is in effect from Brownsville, Tex., to Apalachicola, Fla.

Police at Morgan City, La.—30 miles southwest of New Orleans—ordered evacuation of all areas outside the city, which is completely sealed by levees.

## SETTLEMENT ASSURES SANDOWN MEET

# Off and Running Sept. 15

By HAL MALONE

There will be horse racing at Sandown this year.

The stalemate between horsemen and track officials over purses ended today when both sides accepted a proposal by the B.C. Racing Commission.

The proposal calls for two extra days of racing, plus an extra race on each of three Wednesdays.

The meet will open Sept. 15, a day earlier than scheduled, and close on Oct. 9. The early opening takes care of one extra day of eight races. The second extra day, yet to be decided, will fall on one of the track's

"dark days"—a Monday or Tuesday.

Settlement ended a purse, B.C. Jockey Club offered \$550, an increase of \$50 over last year, plus a bonus of 5 per cent of pari-mutuel play over \$70,000 per day. Last year the average handle was \$68,000. Horsemen twice rejected the \$550 offer recommended by their executive, and insisted they would not race for less than \$600 minimum purses.

Under the accepted settlement horsemen will race for the Jockey Club purse and bonus offering.

The B.C. Racing Commission proposal was put to both sides at an 11th-hour meeting Thursday. Horsemen were given until 1 p.m. today to accept or reject.

## NOT UNANIMOUS

By a majority but not unanimous vote members of the Horsemen's Benevolent and Protective Association today approved the offer.

The extra two days of racing, together with the extra races, will mean an extra \$8,000 in purse monies for horsemen.

Bill Lochead, president of the HBPA, praised the racing commission for the settlement formula put forth by Attorney General Robert Bonner.

"The horsemen want to thank the racing commission for solving our problem," Mr. Lochead said.

"I believe the meeting will be the most successful in Sandown's history."

Mr. Lochead said he didn't believe "there is any doubt" that horsemen will achieve the bonus offer through increased mutual play.

He predicted more and "better than ever before" horses will be sent to Sandown.

During the final session of its annual meeting, the association agreed to ask the justice department to appoint a committee of experts to recommend on the advisability of setting an alcohol-blood content level that could be used to determine whether a driver is drunk or only "impaired."

Chief J. G. Kettles of Saskatoon said if this system was established anything under a certain percentage of blood alcohol would be considered impaired driving. Any percentage over that figure would be drunk driving.

KHRUSHCHEV  
... "businesslike session"

## GREEN:

# 'HARD ROAD AHEAD'

OTTAWA (CP)—External Affairs Minister Green, who has often described himself as an optimist, said Thursday in the Commons that "the world is hovering on the brink of a nuclear war."

His statement opening a foreign policy debate was a shock for Mr. Green's return to their parliamentary duties after a seven-week summer recess.

It followed immediately on Prime Minister Diefenbaker's announcement that the strength of the armed forces will be increased by 15,000 to 135,000 and that 100,000 civilian volunteers will be recruited for national survival operations.

"The road ahead is certainly going to be hard and there will be tension for a long, long time," Mr. Green said.

"We might just as well face that fact."

"From Canadians courage will be required, both physical and moral, and sacrifice, and I believe above all, a return to our deep, abiding fundamental faiths."

"If we face this challenge we will win through and the result may very well be to make our nation one of the leading nations of the world."

Paul Martin (L-Exes East) said the most alarming prospect facing the West is that it will lose its perspective.

"A crisis reaction is one which we must at all costs avoid," he said.

NOT WORTH RISK

H. W. Herridge, deputy CCF leader, said Canadians oppose the idea of risking war over Berlin.

It was a "myth made in Germany" that the Western world demanded the reunification of Germany. The Canadian government should take the lead in pressing for completion of peace treaties between East and West Germany which would recognize the division of the German nation.

Mr. Green said "it is hoped that it will be possible to reach an honorable accommodation with the Soviet" on Berlin.

The minister said at another point: "The 'great tragedy of 1961' Continued on Page 2"

## Will Not Stand Any Interference

WASHINGTON (AP)—The United States, Britain and France today gave Russia a new warning "in the most solemn terms" against any interference with Allied flights in the air corridors between West Germany and West Berlin.

The Western powers told the Kremlin any change in the air transport situation "will be the result of aggressive action against established Western rights by the Soviet government and the East German regime."

The allied notes were delivered in Moscow this morning. They rejected Russia's contention that the U.S., Britain and France lack unrestricted right of air transport in and out of West Berlin.

The notes, about 1,500 words long, were described as identical.

## BEST ON FIRM BASIS

"Rights with respect to air access to Berlin," the notes said, "derive from precisely the same source as do the rights of the USSR in East Germany and East Berlin; namely, the joint military defeat of the German Reich and the joint assumption of supreme authority over Germany."

"These rights are confirmed by the circumstances under which the four powers entered Germany, by their subsequent discussions and agreements, and by open and established practice over a period of 15 years."

Thus the Western powers turned down Russia's argument that the air corridors can properly be used only for the official business of the allied powers and are subject to limitations as far as civilian traffic is concerned.

The Russians have several times accused the U.S. particularly of taking West German anti-Communist agitators and trouble makers to West Berlin. The U.S. has denounced such charges but also said that it really was none of Russia's business.

## SECOND WARNING

Today's warning was the second hands-off admonition delivered to the Soviet Union within two weeks. The previous one was in a statement by the White House which told the Russians that any aggressive action against the air corridors would have the most serious consequences.

\*\*\*

## Red Air Manoeuvres Will Jam Corridors

BERLIN (UPI)—A Hamburg newspaper today said the Communist East German air force may hold "training manoeuvres" in the western air corridors to test allied determination to defend their rights to unrestricted use of the vital airways to Berlin.

The newspaper Bild Zeitung quoted unidentified East Berlin sources as the basis for its report. It said the manoeuvres could pose a serious threat to allied military and civilian traffic in the 20-mile-wide corridors may begin in the next few days.

Thursday night an East German leader warned that East Germany will control the air above its territory once a peace treaty is signed.

Albert Norden, a member of the East German parliament and a top Communist propagandist, said new air traffic arrangements with East Germany will have nothing to do with the rights of the western allies "assumed for its occupation regime."

"As soon as a peace treaty is signed we will control the air above the German Democratic Republic," he said.

U.S. Tourists Buy Less

NEW YORK (UPI)—U.S. tourists will have to be content with picking up less loot during their foreign vacations, as of Saturday. That's when a new law goes into effect lowering from \$300 to \$100 the ceiling on duty-free articles bought abroad.

## Record Export Sales Slash Trade Deficit

OTTAWA (CP)—Export sales hit a record high mark in the first half of the year, slicing Canada's trade deficit to \$96,900,000 in the period from \$203,400,000 a year earlier, the Dominion Bureau of Statistics reported today.

The preliminary report showed that sales to the United States, lagging for many months, began to pick up as summer approached while exports to the United Kingdom levelled off after last year's gains.

But the brightest aspect of the report was a sharp rise in exports to markets other than the United States and the Commonwealth, in the second quar-

ter these were up 57 per cent from a year earlier, and for the first half of the year were more than one-third higher than during January-June of 1960.

Total exports for the first half of the year rose 3 per cent to \$2,679,300,000 from \$2,602,200,000. Imports, at \$2,766,200,000, were 1 per cent less than the \$2,805,600,000 worth imported in the first half of 1960.

The report gives no figures on trade with individual countries other than Britain and the United States. Here are comparative figures by the main groups for the first half of 1961 and 1960 (in millions of dollars):

EXPORTS	
United States	\$1,353.7
United Kingdom	427.4
Other Commonwealth	134.9
All others	462.2
Total	\$2,378.2

IMPORTS	
United States	\$1,381.2
United Kingdom	313.3
Other Commonwealth	127.4
All others	462.2
Total	\$2,714.2

During the first six months of 1961, the United States took 53.6 per cent of all Canadian exports compared with 58.9 per cent last year. The proportion of exports going to the United Kingdom declined to 16.3 per cent from 16.8.

But the share of exports that went to all other countries jumped to 24.2 per cent from 18.3 per cent last year.

## TOPICS OF THE DAY

Six blocks of frayed tempers was the only damage Thursday evening when burning tires held up traffic on Oak Bay and Foul Bay.

The tires, and some empty oil cans, caught fire when a paper fire in an incinerator got out of hand at Alton's Service Station at the intersection of the two roads.

There was no property damage and police cleared the traffic jam after several minutes of work.

The younger section of the junior branch of the Victoria Natural History Society will meet on Saturday at 1:30 p.m. at the Monterey Restaurant parking lot for a field trip to Seymour Hill, Thetis Park.

Gerald T. Blackwood, 4633 Prospect Lake Road, was sentenced to 10 days in jail Thursday in Saanich police court after pleading guilty to his second offence of driving while suspended.

A fine of \$250 plus licence suspension was imposed on George E. Peterson, 271 Cadillac, in Saanich police court Thursday for impaired driving.

He pleaded guilty and police said he was seen driving on the wrong side of Cloverdale about 6:40 p.m. Wednesday.

Michael R. Walker, 658 Sedger, and Ronald D. Parker, 3334 Rolston, were both bound over in their own recognizance on bond of \$50 to keep the peace for six months in Saanich police court today.

They had both pleaded guilty to theft of goods under the value of \$50. In addition, they were both prohibited from driving anywhere in Canada for six months.

The two were charged with theft of two gallons of gasoline from a tractor owned by Jack Henson, 520 West Burnside.

Police found them beside the Henson property today at 12:30 a.m. with the can of gas in the trunk of a car.

Value of the gas was described as about \$1.

B.C. Health Minister Eric Martin is in hospital today in satisfactory condition after minor surgery.

Mr. Martin was admitted to St. Joseph's Hospital on Labor Day.

He is expected home again this weekend.

A spokesman for his office said the operation was not a serious one, and the ailment was minor.

Monthly meeting of the Victoria Natural History Society will be held on Tuesday at 8 p.m. in the Douglas Building Cafeteria, Elliot Street. The guest speakers will be Mrs. Mayford Slocumb and Miss Enid Lemon on the subject, "Travelling With a Camera."

First meeting of the fall and winter season of the Prospect Lake and District Community Association is scheduled Monday at 8 p.m. in Prospect Lake Elementary School. Officials hope to see new members as well as old for an evening of discussion on topics relating to the district, including park development, road improvement, transportation, scouting facilities, and a community hall.

Omitted from the Labor Day weekend Saanichon fair results published by the Times was the "best rose in the show" award. It was won by S. A. Kirk.

First meeting of the season for the Tolmie Parent-Teacher Association will be held on Monday evening at 8 in the school auditorium. Mrs. Ruby Walker will install the new executive.

Doncaster Parent-Teacher Association will meet on Wednesday evening at 8 in the school auditorium, where slides will be shown and a talk given on the health program in the school.

Final cross-examination and lawyers' summations were scheduled for today in the appeal by Geoffrey D'Arcy from his dismissal as an industrial arts teacher at Colquitz Junior High School. The hearing, before a three-member board of reference, was expected to conclude tonight.

The Adoption Committee for Aid to Displaced Persons will hold its monthly meeting in the lower hall of St. Andrew's Roman Catholic Cathedral on Monday at 12 noon.

Charles N. Luxton, 1234 Pandora, \$25, over 30.

Alphonse A. Plessin, 2987 Cedar Hill Road, \$25 and licence suspension, over 35.

William Hamilton, 4375 Bonview, \$15, over 30.

In Esquimalt police court Wednesday:

Bernard Hugh Fraser, 3271 Whittier, \$15, running stop sign.

John Patrick Grant, 1460 Hamley, \$15, running red light.

Two ships of the Second Canadian Fleet are parked outside.

## TALL TAIL-WAGGER

Looks like murder, but in fact they're friends. Tall one on the left is Tara of Dhunoreh, one of the world's largest Irish wolfhounds, seen here at the Vancouver Island Dog Fanciers show at the Curling Rink today. On the

right is owner Mrs. J. G. Harris of Five Mile Kennels. Tara, 15 months old, weighs 130 pounds, stands 35½ inches at the shoulder—and could grow another inch yet. (Halkett Photo.)

## Call Coming Soon For Rescue Teams

Local militia units are expected to advertise soon for volunteers to man civil defence mobile rescue columns in Greater Victoria—one of 16 target areas in the event of a nuclear attack.

The call for volunteers is expected after announcement in Ottawa Thursday that 150,000 men will be needed to make up the units.

The army and militia will raise 50,000 men, the rest, according to local civil defence officials, will probably be volunteers recruited by the militia for a brief training course and stand-by duty.

However, details of the new

plan to step up the work of civil defence have not been given to the provincial and local officials here.

Victoria civil defence director Commodore Val Godfrey was frankly "in the dark" at present. But a provincial official said he believed the army would advertise shortly for volunteers.

The recruits would probably only be paid a nominal sum during their training course, he said.

**INCREASED TEMPO**

The rescue columns have been in existence for about two years, he added, manned by army and militia men, and assisted by local CD volunteers.

"This just increases the tempo of what we are doing," he said. Meanwhile, Commodore Godfrey reported, there has been a marked interest in civil defence locally, with 30 to 40 people taking plans for fall-out shelters during the last week.

Oak Bay is the only municipality in which a shelter is actually officially under construction. One building permit has been issued to an elderly man, and another man has told officials he plans to apply very soon.

Saanich, Esquimalt and Victoria say no shelter permits have been issued, but Commodore Godfrey said he believes about half a dozen people have built shelters "on the quiet" so that neighbors would not know they had them.

Commodore Godfrey said further evidence of interest in civil defence is the average of 15 inquiries his office receives a day for pamphlets describing 11 steps to survival in the event of a nuclear attack. He said 10,000 of these have been distributed in Greater Victoria.

**Dance Tonight To Aid Demolay Building Fund**

Greater Victoria Order of Demolay chapters and Daughters of Job Bethels are raising funds to provide a centrally located meeting place in Victoria for both groups.

The building fund is expected to receive a boost from the proceeds of a dance at Memorial Arena tonight from 3 to midnight.

Everyone is welcome at the affair which will feature the Port Alberni "Renegades," a seven-piece group that won the "Battle of the Bands" provincial competition in Vernon last year.

Admission is being kept low to enable everyone to attend, and intermission entertainment will be headed by the popular Bill Hosie Trio.

## City Firm's Shelter Costs \$500

A Victoria construction firm is marketing its own version of fallout shelter.

Heath Construction, 945 Kings, is putting its first unit into a new home now being built at Brentwood for its owner, V. C. Heath.

Blueprints of several variations of the basic design are now available to the public. Cost will be from \$500 up.

The Heath shelters are larger than those designed by the federal government for which plans are available at civil defence offices.

They are built on 10-inch concrete walls and include a special ventilation-heating unit, designed to conserve air within the shelter.

"There is some protection from blast as well as fall-out," said a spokesman for the firm. He said the shelters can be built either in basements or outside.

Plans have been inspected by a civil defence official who was "very interested," he added.

The spokesman said he hoped a private promotion drive would "help shake the complacency out of Victoria."

Only one other building permit in Oak Bay has been taken out in Greater Victoria for a shelter.

## Board Backs Industrial Area Plans

Capital Region Planning Board today gave qualified support to a Vancouver company's proposal to develop a 50-acre industrial district at Trans-Canada Highway and Burnside.

The board wrote Saanich council after studying a controversial proposal by Dominion Construction Company for rezoning of the land.

It said the Dominion site was the best available on the Trans-Canada Highway but it should be smaller, than 50 acres.

### ATTENTATIVE

The board also suggested that Saanich council should consider an alternative site for an industrial district along the Patricia Bay Highway north of Carey Road.

The board's report said the Greater Victoria area needed a small planned industrial district.

"One advantage of such a development would be a resulting reduction in pressures put on councils for scattered spot rezonings for industrial uses," CRPB director A. H. Roberts said.

### BETTER SITE

The report suggested "a better site might be found between the present Patricia Bay Highway and a proposed jog westwards in tentative plans for relocating the road north of Carey Road."

But either site should be rezoned if council is approached by a developer willing to proceed according to detailed conditions, he report said.

## Boom Warning Given Boatmen

Mariners are advised that a 90-foot boom will extend over the water between Mayne and Samuel Islands until about Oct. 3. The boom is painted black and yellow and a red float is suspended from the end.

Extreme caution is advised when in the vicinity of the boom, which is being used for measuring the speed of the current.

## RECORD ENTRIES, NEW FEATURES

## Spotlight on Duncan Fair

The last major "farm fair" of the year for Vancouver Island opened today at Duncan and will continue through Saturday.

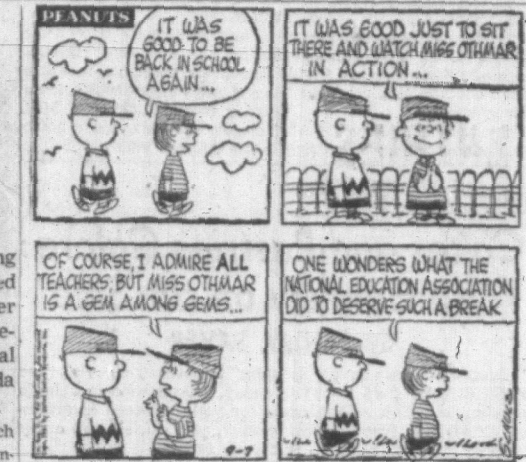

Officials report a record number of livestock entries for the Cowichan exhibition and a number of new features.

In open-classes there are 207 cattle entries including Ayrshires, Holsteins, Shorthorns, Guernseys and Jerseys. About 100 4-H club members from most parts of the island will show their calves.

The 4-H or junior farm section of the exhibition is expected to be lively all day Saturday with a variety of events.

In addition to the showing of their animals in competition, the young farmers will compete in showmanship and judging events, present demonstrations on various phases of their 4-H work, and compete in square dancing competitions. The latter is a new innovation.

**DAIRY QUEEN**  
The youngsters today presented, with pride, Canada's newly-crowned Dairy Queen, Miss Clara Taylor of Saanich.

## Road Speedup Faces Saanich

Faced with increased pressure for improvements to major thoroughfares, Saanich finance committee will meet next week to consider stepping up its long-range road building program in the fast-growing municipality.

Municipal engineer Neville Life said today council has already earmarked \$90,500 for reconstruction of Cloverdale from Quadra to Douglas.

Other projects under con-

sideration are improvements to Reynolds Road and Cedar Hill Cross Road to cost more than \$50,000, and the reconstruction of Saanich Road.

Mr. Life said plans for the development of the new Victoria College campus at Gordon Head also poses some serious road problems which will have to be faced by council in the near future.

### FUNDS LIMITED

"The municipality is developing so rapidly that road reconstruction is becoming more and more a problem," he said. "There is also a limit to what can be spent on roads."

Since 1959, he said, Saanich has spent about \$100,000 a year on improvements to main thoroughfares which included reconstruction of Quadra from the city boundary to Reynolds Road.

But, he added, the establishment of a commercial centre on Douglas, plus plans for the development of the Gordon Head campus and the construction of about 400 new homes a year in the municipality, has greatly increased the pressure for roads.

"We also have to consider the rural areas and secondary roads," he said.

### WINTER WORK

Mr. Life said Cloverdale reconstruction will be initiated under a local improvement by-law. Cost to property owners will be \$28,500 and the municipality's share \$90,500.

The project will be carried out under the winter works program.

## B.C. to Give \$7,000 For Surveys

First concrete step towards closing a five-mile gap in the scenic marine drive along the east coast of Saanich Peninsula was announced today.

Capital Region Planning Board director A. H. Roberts said the provincial highways department has promised to give \$7,000 towards an engineering survey next year along the east coast of Central Saanich.

### FULL SURVEYS

The board has recommended that Central Saanich and Saanich councils augment the donation to enable full surveys of site location and cost estimates for a road project that would link Cordova Bay Road to the Pat Bay Highway south of the federal experimental farm.

The eight-member board has been pressing for such a project during the past year in its efforts to promote extension of the marine drive around the perimeter of the peninsula.

Recent meeting of CRPB also agreed to an Oak Bay and Saanich request that it conduct a study of future land use in the area surrounding Victoria College's new campus.

## 'INVITATION TO TRAGEDY' BRINGS FINE

A Saanich man's boat-handling was described as "an invitation to tragedy" by Magistrate William Ostler in Saanich police court Thursday.

He fined G. H. Davins, 1141 Bute, \$20 after the man admitted carrying only four life preservers in a boat holding seven people when checked by police in Gorge waters.

"You can see the bottom most of the time," Davins told police, thus prompting the magistrate's rebuke.

"Many people have drowned in shallow water," Mr. Ostler said. "You must have a life preserver for everyone in the boat."

## Damages Awarded After Customer Crashes Car

Island Auto Parts Ltd., 526 David Street, was awarded \$150 damages in Victoria county court today, because one of its cars was involved in a collision while on trial by a customer.

The company said Carl R. Baker, 1001 Richardson, was considering purchase of the car. He was having it tested when the collision occurred.

It claimed \$151 for repairs to the car, plus \$150 for loss of use of the car for 30 days.

Judge J. B. Clearbush allowed the first claim, less one dollar, but dismissed the second.

## ESQUIMALT NAVAL SHIP MOVEMENTS

James Bay, Cowichan, Miramichi and Fortune, no definite date for return.

Ottawa left today, returns Sept. 14 at 8 p.m.

Stettler and Skeens out for the day.

## ASK The TIMES

Q. Could you please advise me where I could write for a large color photograph of the Canadian Golden Hawks in action?

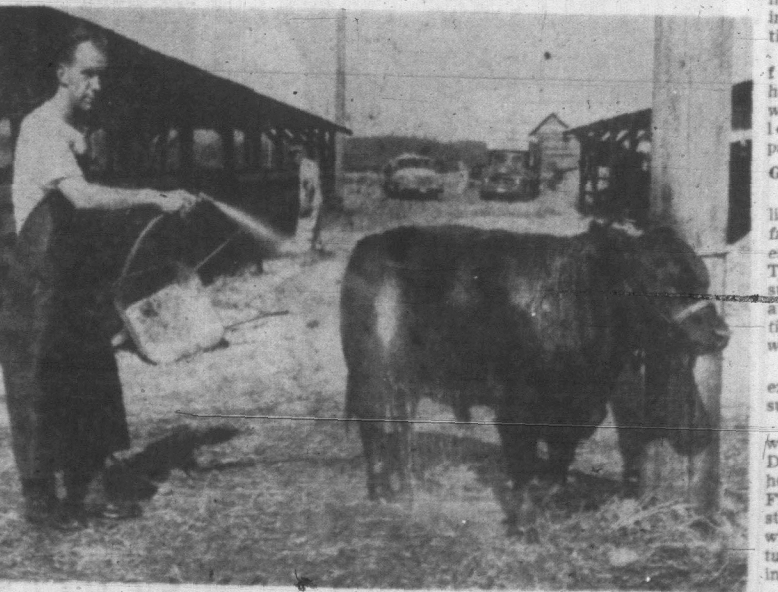

A. Write to the Public Relations Officer, Royal Canadian Air Force, 545 Seymour Street, Vancouver.

Q. Would you give me the name and address of Grandma Moses? I believe she was 101 Thursday; our birthdate is the same, and I would like to send her a greeting. M.S.

A. Her name is Mrs. Anna Mary Robertson Moses, and her address is Hooisick Falls, New York, U.S.A.

Q. I am writing a question answered in The Times, addressed to "Ask the Times" Editor. Questions and answers will be published daily.

All questions should deal with matters of fact and be of general interest. The Times does not undertake to solve commercial or legal problems. It will attempt to put a value on solutions, stamp or not. These should be submitted to a dealer.

DOCILE "DOGIE" getting ready for judge at Cowichan Exhibition before opening of two-day fair today is Gudrun E., a year-old Aberdeen Angus bull from Mrs. W. C. Woodward's beautiful West Saanich "Woodwyn Farm."

He is one of record 207 livestock entries at the show. Giving him his pre-show bath is Jim O'Reilly, son of Woodwyn Farm manager Tom O'Reilly who is seen in background. Most breeds of cattle are being shown.

## Admiral Asks Everybody To Navy Day 'Open House'

Rear Admiral E. W. Finch-nadian Escort Squadron and Noyes today extended a welcome to the people of Greater Victoria to attend the Navy Day "open house" at HMC Dockyard and HMCS Naden inside HMC Dockyard or Saturday from 1:30 p.m. to 5:00 p.m. at HMCS Naden, a navy spokesman said. "They must be open for inspection."

"Unfortunately we cannot provide parking space for cars Dockyard and HMCS Naden. HMC Dockyard or Saturday from 1:30 p.m. to 5:00 p.m. at HMCS Naden, a navy spokesman said. "They must be open for inspection."

Two ships of the Second Canadian Fleet are parked outside.

## U.K. UNIONS VOTE TO KEEP ATOM ARMS

PORTSMOUTH, Eng. (Reuters) — Britain's Trades Union Congress Thursday voted in favor of Britain keeping nuclear weapons so long as Russia has them.

The vote came after a lengthy debate in which both Russia and the United States were criticized for resuming nuclear tests.

## 'Why Protect Berlin Pride?'

### TIRE BLOWOUT INJURES TWO

CALGARY (CP)—Two employees of a Calgary tire repair shop were injured, one critically, when a large truck tire they were inflating blew apart Thursday afternoon.

In hospital suffering from a depressed skull fracture is John Schwab. The other injured employee, John Britton, is reported in satisfactory condition with skull lacerations.

## UBC Post Will Go To Woman

Post of chancellor of the University of B.C. will go to a lady—either Mrs. Frank M. Ross or Mrs. Anne Angus.

The male nominee, Dr. Hugh Keenleyside, chairman of B.C. Power Commission, has withdrawn from the contest, because his normal duties "will keep me more than fully occupied."

This leaves Mrs. Ross, wife of B.C.'s former lieutenant-governor, and Mrs. Angus, wife of Dr. H. F. Angus, chairman of the B.C. Public Utilities Commission and dean of economics at UBC.

### UNDEMOCRATIC

Dr. Keenleyside said he was glad there is a competition for the position, vacant after the death of Dr. A. E. Grauer in July.

The contest puts an end to the undemocratic practice of having such appointments arranged in advance, said Dr. Keenleyside.

"We are fortunate in having two most admirable candidates, both distinguished graduates of UBC and both with remarkable records of outside achievement — a third candidate is unnecessary," said Dr. Keenleyside.

OTTAWA (CP)—The West has no right to expect that West Berlin can be continued "as a means of subverting the East German government," New Democratic Party MP Walter Pitman said Thursday night.

"Are we going to war because we will not recognize a state which exists?" the Peterborough member asked the Commons.

"Are we going to war to perpetuate a myth that we are determined to create a united Germany?"

"Are we going to war to bolster the national pride of either the United States, which is coming out of the fiasco of Cuba, or because of the injured pride of the U.S.S.R., which is somewhat reluctant to accept the fact that refugees are leaving the socialist heaven of East Germany?"

Mr. Pitman urged that Canada assume the role in the Berlin crisis of bringing the big powers together on the issue, quickly.

Speaking as the New Democratic Party's only clearly-labelled MP, Mr. Pitman said in part:

"The worst thing we can do is to try to reduce this complexity (of divided Berlin) to an emotional catch-phrase such as 'Rescue the West Berliners from Russian tyranny' or, on the other hand, 'Guard the socialist people's state from Western imperialism.'"

### Igniting of Vapors Caused Tanker Fire

SARNIA (CP)—An official of Imperial Oil Limited said Thursday the explosion and fire which hit the tanker Imperial Hamilton Monday was caused by hydrocarbon vapors igniting.

The explosion and fire sent five members of the crew to hospital and caused \$10,000 damage to the gasoline-laden tanker and \$16,000 damage to the wooden dock.

## GM Reveals Details Of New Wage Deal

DETROIT (AP)—General Motors made public Thursday its national economic settlement with the United Auto Workers Union.

The union quickly announced the offer would amount to 12.04 cents per hour, after tax adjustments, for GM's 350,000 production workers.

The economic agreement was disclosed in an apparent attempt to bring a quick end to wildcat work stoppages that have plagued half a dozen or more GM plants since an original strike deadline was moved.

### PROFIT-SHARE PACT SOUGHT

TORONTO (CP)—Automobile workers will seek a profit-sharing agreement with General Motors of Canada, Limited, when contract negotiations open here next Thursday.

A spokesman for the United Auto Workers Union (UAW) said the Canadian section of the union "with press for the profit-sharing agreement, although the demand was dropped during current contract negotiations in the United States."

The present three-year contract expires November 1.

### REALTORS TOLD:

## Build Better Public Image

BANFF, Alta. (CP)—The annual convention of the Canadian Association of Real Estate Agents from newly-elected presidents closed Thursday with a dent Bert Katz of Ottawa for Canada's 12,000 real estate brokers to improve the vocation's public image.

During the week the delegates were told by leading civil servants, politicians and members of their business from across North America that the importance of giving sound advice to the public on real property has increased with its emergence as one of the most sound investments in an inflationary economy.

Without exception, the realtors asked for the right to pursue their vocation free of unnecessary government restriction.

Premier Manning of Alberta hit the convention's keynote Wednesday, when he said governments should co-operate but not interfere themselves into business.

Help was urged to tighten

### New Start Tonight For Artillerymen

The 1961-62 training program for members of the 5th B.C. Independent Medium Artillery Battery starts tonight, according to Major G. W. Archer, commanding officer.

The program will include recruit training, national survival and gunnery instructions. On Saturday morning the Young Soldiers Training Plan made up of Victoria high school students, will start.

Major Archer said the battery had a number of vacancies for students who wish to train on Friday evenings or Saturday mornings.

## Pro-Red Nations To Lose U.S. Aid?

WASHINGTON (CP)—Qualified officials said Thursday the United States may reduce or eliminate economic foreign aid to countries that side with Russia on major foreign issues.

One of the first to be hit may be Poland, a Soviet satellite that in the past has depended heavily on the United States for gifts of grain and other supplies under the U.S. for peace program.

A new and tougher policy against the Communist bloc and its sympathizers appears to have its roots in United States annoyance and anger arising out of the Berlin crisis and the Belgrade conference of non-aligned countries.

### POLAND WANTS MORE

Officials said Poland, now trying to get more food aid, was a member of the Warsaw pact countries that supported the reaction of a barrier between East and West Berlin.

### UNITED APPEAL OR NOTHING

## Boycott Move By Business?

Victoria businessmen in the future may band together and refuse to contribute to charitable appeals unless they are under a United Appeal, Victoria Rotary Club was told Thursday.

"I think all the agencies should be in the United Appeal," said Community Chest director Hugh Stephen.

He was taking part in a panel discussion on the Chest at the club's weekly luncheon meeting. Other panel members were David Woodworth, executive director, Family and Children's Service, and Mrs. Phyllis Gravelly, of the YMCA.

### THEY'RE IRKED

"So long as some major agencies pursue their present course, we shall be burdened with several appeals," Mr. Stephen said.

Businessmen, major targets for every appeal—are becoming increasingly irked at the present situation, he said.

Mr. Woodworth, discussing government aid to agencies, said the Family and Children's Service already leans heavily for support on taxes.

"If you like to pass an act or some kind of legislation to start an agency, you will probably be called a socialist," he said.

"Sometimes we like our governments to follow rather than lead."

### FOUNDERS

Mrs. Gravelly acknowledged there was criticism of the YM-YWCA being part of Community Chest.

"They are in it because they were the two agencies who originally founded Community Chest in Victoria," she said.

"Their reasons are just the same now as then—belief in one united appeal."

It appears people are more willing to pull out a dollar to help a juvenile delinquent than pay the same money to prevent him becoming a delinquent, she said.

The money charged teenagers for services at the 'Y' including girls who received room and board at the YWCA, does not pay for all the extra services they receive.

She was asked about the increasing amount of Chest money paid in salaries to professional workers.

### NEEDS CHANGED

"The reply is simply that the Chest is no longer a 'soup kitchen' operation," she said.

"Community needs have changed since the 19th century when charity work was made up of handouts."

"Today it calls for highly skilled, patient and persistent workers, and skilled workers don't come cheaply," she said.

### Keenleyside To Address Labor 'School'

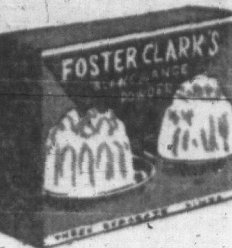

Dr. Hugh Keenleyside, B.C. Power Commission chairman, will be windup speaker at Victoria Labor Council's annual institute in November.

The chairman, who until 1958 was director-general of the United Nations Technical Assistance Administration, will speak on "Some Problems of Canadian Foreign Policy" the last day of the "school" set for Nov. 4 and 5 at Oak Bay Junior High School.

Prof. Tony Emery, of Victoria College, has been asked to speak on "Adult Education and Political Education."

The institute is open to any member of unions affiliated with the labor council.

### 'Propaganda' Says U.S.

WASHINGTON (UPI)—The White House today dismissed as publicity tactics Soviet Premier Nikita Khrushchev's recent offer to meet with President Kennedy.

Press secretary Pierre Salinger said pointedly that Khrushchev has not issued any invitation through diplomatic channels but has made the offer only in public statements and interviews.

Other U.S. officials characterized Khrushchev's offer to meet with Kennedy as a cynical attempt to improve the Russian propaganda position while still making impossible demands on the West.

# CITY ELECTRIC SERVICE TO COME UNDER HYDRO

## FINAL BULLETINS

### 'VIP' RCAF Jet Gets Back Safely

GANDER, Nfld. (UPI)—An RCAF Comet jet carrying Finance Minister Fleming and Trade and Commerce Minister Hees to the Commonwealth Finance Ministers' Conference in Ghana developed engine trouble today as it headed across the Atlantic.

It turned back to the International Airport here where it was met on the airstrip by fire trucks and emergency crews anticipating a possible crash landing, but Flt. Lieut. A. L. Auld piloted the aircraft to the ground without incident.

### Ottawa to Probe Red Chorus Incident

(Earlier Story, Page 7)

MONTREAL (CP)—Mayor Jean Drapeau said today the federal government has ordered an investigation into demonstrations against the Soviet Army chorus when the group opened a week-long series of performances here Thursday night.

Two persons from Toronto and one from Montreal were arrested during the demonstrations. Mayor Drapeau said they will be charged with disturbing the peace.

### Third Body Recovered From Mine

THOMPSON, Man. (CP)—A third body was recovered today from the 800-foot level of the International Nickel Company mine in this northern Manitoba community and miners were still trying to reach the body of the fourth victim of a rockfall Wednesday night. Identity of the body was not immediately learned.

### Job Situation in U.S. Improves

SAN FRANCISCO (UPI)—Treasury Secretary Douglas Dillon said today he expects unemployment to fall below 5 per cent in the next 12 months.

The jobless rate has stuck fast at nearly 7 per cent of the labor force since last December. There are signs "gradual improvement is about to begin," Dillon said.

### Mrs. Roosevelt Leaves Hospital

NEW YORK (UPI)—Mrs. Eleanor Roosevelt left the hospital today after undergoing a series of diagnostic tests of an undisclosed nature. She was at the hospital three days, during which she reported she "never felt better."

## Tough Nikita Ready to Meet JFK for Talks

MOSCOW (AP)—Soviet Premier Khrushchev said today he was ready for "business-like talks" with President Kennedy on urgent world problems.

At a friendship meeting for Indian Prime Minister Nehru he went on to denounce President Kennedy's decision to resume nuclear testing, and declared "mankind is on the brink of another military tragedy."

"Aggressive forces want to plunge the world into another war," he said. "As a pretext for this they are using the question of the peace treaty with Germany."

"Our aim is to put out the remaining fires of war by convincing Germany. All sober-thinking people realize that as the question of the peace treaty one must proceed from the fact of existence of two German states."

Speaking earlier at the meeting in the Kremlin, Nehru called "on the great powers who hold the key to war and peace to remove the threat of war and lead the world to peace."

Nehru said that if the danger of war could be removed in talks between the two major powers, "the way would be opened toward examining the problem of disarmament."

NEW PREMIER?

Apparently sure of support of Socialist-Laborite majority in Brazil's national legislature Tancredio Neves, 51-year-old Socialist banker, was a cinch to become the nation's first premier. Today he was reported busy forming a cabinet capable of winning a vote of confidence in the congress. (AP Wirephoto).

### Crisis Means 'Hard Road' Green Warns

OTTAWA (CP)—External Affairs Minister Green, who has often described himself as an optimist, said Thursday in the Commons that "the road ahead is certainly going to be hard and there will be tension for a long, long time."

"We might as well face that fact," he said, in commenting on the present world crisis. "From Canadians' courage will be required, both physical and moral, and sacrifice, and I believe above all, a return to our deep, abiding fundamental faiths."

Paul Martin (L-Exes East) said the most alarming prospect facing the West is that it will lose its perspective.

"A crisis reaction is one which we must at all costs avoid," he said.

H. W. Herdridge, deputy CCF leader, said Canadians oppose the idea of risking war over Berlin.

It was a "myth" made in Germany, that the Western world demanded the reunification of Germany. The Canadian government should take the lead in pressing for completion of peace treaties between East and West Germany which would recognize the division of the German nation.

Mr. Green said "it is hoped that it will be possible to reach an honorable accommodation with the Soviet" on Berlin.

The minister said at another point: "The 'great tragedy of 1961' Continued on Page 2

## Don't Interfere With Flights Reds Warned

WASHINGTON (AP)—The United States, Britain and France today gave Russia a new warning "in the most solemn terms" against any interference with Allied flights in the air corridors between West Germany and West Berlin.

The Western powers told the Kremlin any change in the air transport situation "will be the result of aggressive action against established Western rights by the Soviet government and the East German regime."

The allied notes were delivered in Moscow this morning. They rejected Russia's contention that the U.S., Britain and France lack unrestricted right of air transport in and out of West Berlin.

The notes, about 1,500 words long, were described as identical.

### REST ON FIRM BASIS

"Rights with respect to air access to Berlin," the notes said, "derive from precisely the same source as do the rights of the USSR in East Germany and East Berlin; namely, the joint military defeat of the German Reich and the joint assumption of supreme authority over Germany."

"These rights are confirmed by the circumstances under which the four powers entered Germany, by their subsequent discussions and agreements, and by open and established practice over a period of 15 years."

Thus the Western powers turned down Russia's argument that the air corridors can properly be used only for the official business of the allied powers and are subject to limitations as far as civilian traffic is concerned.

The Russians have several times accused the U.S. particularly of taking West German anti-Communist agitators and trouble makers to West Berlin. The U.S. has denounced such charges but also said that it really was none of Russia's business.

### LOUISIANA EVACUATES

## 125 MPH Winds As Carla Roars

NEW ORLEANS (AP)—Residents of low-lying areas along the Louisiana coast began evacuating their homes today as hurricane Carla—her winds increased to 125 miles an hour—howled up the Gulf of Mexico.

The New Orleans weather bureau, in a 12 noon advisory, said Carla—the season's third storm—has become a major hurricane.

Carla's course veered during the early morning and she now is headed in a northeasterly direction. At noon the centre of the hurricane was about 460 statute miles south of New Orleans.

The weather bureau said Carla would continue its north-west movement at about 10 mph for the next 12 to 18 hours.

The hurricane watch was extended to include the entire Texas coast and now is in effect from Brownsville, Tex., to Apalachicola, Fla.

### EXTRA DAYS PROVIDED

## Off and Running Sept. 15

By HAL MALONE

There will be horse racing at Sandown this year.

The statement to horsemen and track officials over purses ended today when both sides accepted a proposal by the B.C. Racing Commission.

The proposal calls for two extra days of racing, plus an extra race on each of three Wednesdays.

The meet will open Sept. 15, a day earlier than scheduled, and close on Oct. 9. The early opening takes care of one extra day of eight races. The second extra day, yet to be decided, will fall on one of the track's "dark days"—a Monday or Tuesday.

Settlement ended a month-long wrangle over purses. B.C. Jockey Club offered \$550, an

## One Unit Plan For All Island

By FRANK RUTTER  
Times Legislative Reporter

The B.C. Power Commission will take over Greater Victoria electricity service next year from B.C. Electric, informed sources said today.

The move will put all Vancouver Island under the power commission, and could possibly mean lower rates here.

The two crown corporations would swap customers here and in northern B.C. in a "book sale" deal.

B.C. Hydro would get 60,000 Greater Victoria accounts and the \$1,250,000 B.C. Electric building here in exchange for its present operations from Williams Lake to Prince George, plus the Peace River territory.

Estimated book value of B.C. Electric's service here is \$40,000,000.

It is expected the B.C. Electric building will become the new head office for B.C. Hydro, leaving its present offices on Blanshard Street available for possible use as a new City Hall.

B.C. Hydro has been planning a new office for several years as there is not enough space or room for expansion on Blanshard.

### New BCE Board Meeting Today

The deal, which is expected to go into effect the first of next year, would be the first big upheaval in public power operations since the government took over B.C. Electric at the August special session of the legislature.

It follows B.C. Electric's announcement that it is going ahead immediately on development of the Peace River power project.

Annual power consumption of the 60,000 B.C. Electric Victoria accounts is 413,000,000 kilowatt hours.

The company also operates the Greater Victoria transit service, fate of which is still undecided.

The public company's new board of directors was meeting in Vancouver today, and the Victoria deal and future of transit were believed the two major topics under discussion.

Official reaction to the report of the Victoria deal was very reserved, though not surprised.

However, informed sources told the Times the plan is likely to go through.

B.C. Electric chairman Dr. Gordon Shrum would not comment one way or the other. "I would check with the premier's office. I expect you'd get an answer there," was all he would say.

Premier Bennett, who as finance minister, controls the purse of the public utility, was unavailable for comment.

However, Lands and Forests Minister Ray Williston, who is also a B.C. Electric director,

was reported as saying the move was "logical."

Although direct comparisons have always been avoided between B.C. Electric rates—mostly urban—and B.C. Hydro—mostly rural—Nanaimo consumers of the power commission are reported to pay from 3 to 5 per cent less than Victoria customers of B.C. Electric.

Civic officials, hoping for a chance to acquire the B.C. Hydro building as a new city hall, were heartened by the possibility of the switch.

The city included the hydro building in its Cathedral Hill civic centre precinct after hydro officials let it be known quietly early this year they would like to vacate the building for larger quarters.

Informal discussions were Continued on Page 11

### U-2 Spy Free Soon?

NEW YORK (AP)—Soviet Premier Khrushchev says Francis Gary Powers may be released before his 10-year sentence is up but international tension makes it impossible to free the U-2 pilot from his Soviet prison now.

Khrushchev told C. L. Sulzberger of the New York Times in an interview published today that "Powers himself is not of such value that we would consider it necessary to make him serve his full sentence."

increase of \$50 over last year, plus a bonus of 25 per cent of pari-mutuel play over \$70,000 per day. Last year the average handle was \$68,000. Horsemen twice rejected the \$550 offer, recommended by their executive, and insisted they would not race for less than \$600 minimum purses.

Under the accepted settlement horsemen will race for the Jockey Club purse and bonus offering.

The B.C. Racing Commission proposal was put to both sides at an 11th-hour meeting Thursday. Horsemen were given until 1 p.m. today to accept or reject.

By a majority but not unanimous vote members of the Horsemen's Benevolent and Protective Association today approved the offer.

The extra two days of racing, together with the extra races, will mean an extra \$8,000 in purse monies for horsemen.

Bill Lochhead, president of the HBPA, praised the racing commission for the settlement formula put forth by Attorney General Robert Bonner.

"The horsemen want to thank the racing commission for solving our problem," Mr. Lochhead said.

"I believe the meeting will be the most successful in Sandown's history."

Mr. Lochhead said he didn't believe "there is any doubt" that horsemen will achieve the bonus offer through increased mutual play.

Mr. Lochhead said more and "better than ever before" horses will be sent to Sandown.
